What You will Find in this Handbook

Section One: General Information

1. About the CAO.....	2
2. Where to Find Us and How to Contact Us	3
3. Important Notice and Terms and Conditions.....	5
4. Calendar with Important Dates.....	10

Section Two: Study Options

1. Your Study Options	12
2. TVET College Study	14
3. Understanding the Programme Choice List.....	16
4. Programme Choice List.....	26
5. Alternative Access Routes	152

Section Three: How to Apply

1. Ways of Applying	158
2. How You Can Apply	161
3. Application Fees.....	171

Section Four: Helping You to Decide on Your Career

1. Find Out what You're Good at	174
2. Relating Learning Fields to Careers	184
3. Qualification Types	186
4. Artisanship – What it is and How You can Become an Artisan....	190
5. Applicants with Disabilities	196

Section Five: You've Applied, Now What?

1. CAO's Communication with You.....	198
2. Institutions' Communication with You.....	201
3. Changing Programme Choices After	202
You've Applied (Change of Mind Request)	

Section Six: Additional Information

1. Member and Partner Institution Contact Details	206
2. Acronyms and Abbreviations	224
3. What do the Different Statuses Mean?	226
4. Coupon to Request More Information	229
5. 2019 Entry Survey.....	230
6. Index	234

1. About the CAO

The Central Applications Office (CAO) processes applications for admissions to all universities, universities of technology, most private and five TVET colleges in KwaZulu-Natal. Our participating institutions offer **over 900** programmes, and with just ONE APPLICATION FORM, you can apply for up to six programmes at any of our partner institutions. You do not need to complete a separate application for each institution. You only have to pay **ONE APPLICATION FEE** and when you want to update or change your application to any of the institutions in this Handbook, there is one office to contact.

From King Edward VIII

Hospital:

- Continue up Rick Turner Road towards UKZN, past Debonairs and Steers and the University sports fields.
- As you go down the hill, pass Gates 7, 8, 9 and 10.
- Take the first right turn into Kalanden Road.
- Turn right again into Mary Thiphe Street.
- Turn right at Gate 11.

If using public transport:

- Go to the Phoenix taxi rank under the bridge at the Warwick Market.
- Ask for Mayville Taxis. Once you are in a Mayville taxi, ask the driver to drop you off at the CAO.

2. Where to Find Us and How to Contact Us

The CAO (Central Applications Office)

**UNIVERSITY OF
ZULULAND**

Study at the University of Zululand. Become a leader!

Apply to the University of Zululand and choose from an array of quality degree and diploma programmes offered in our four faculties namely, Science and Agriculture; Commerce, Administration and Law; Arts as well as Education.

Need Financial Aid?

The University provides a number of bursaries to its students, subject to students meeting all bursary requirements. Please note that approval for a NSFAS loan or any bursary does not imply admission to study at UNIZULU or vice versa.

Applying for NSFAS

The National Student Financial Aid Scheme (NSFAS) has implemented an online system where students may apply for funding. The NSFAS application form is easily accessible on the UNIZULU website at www.unizulu.ac.za/. On the home page, click "Student Zone" and select "Apply". At the bottom of that page will be a download link to the NSFAS application form. Alternatively, students can visit www.nsfas.org.za.

Bursaries for Language Practice Studies

An initiative of the national Department of Arts and Culture, this bursary is awarded to undergraduate or postgraduate students enrolled for Language Practice courses. The specific objective of the bursary award is for successful applicants to acquire skills

in any three of the following areas of study: Translation and Editing; Interpreting; Lexicography; Terminology Development and Management; Language Planning; Human Language Technologies; any of the South African official languages with emphasis on indigenous languages and South African Sign Language. Applications are made directly to UNIZULU via its Department of General Linguistics and Modern Languages.

Funza Lushaka

The Funza Lushaka Bursary is a full bursary for Bachelor of Education students offered by the Department of Basic Education (DBE).

The application period for the bursary is between September and January for first-time applicants.

District Based Funza is a full bursary that selects matric students

from rural areas. Once these students have completed their degrees, they go back to their communities to teach and pay back in service. For more information visit www.funzalushaka.doe.gov.za.

Other funding administered by UNIZULU is as follows:

- Cathsseta is a full bursary for Tourism, Arts and Sport Science students. For more information, visit www.cathsseta.org.za.
- W&Rseta is a full bursary for Wholesale and Retail students. For more information, visit www.wrseta.org.za.
- Fasset is a full bursary for Finance and Accounting students. For more information, visit www.fasset.org.za.

RESTRUCTURED FOR RELEVANCE

3. Important Notice and Terms and Conditions

1. Complete and Submit your application to us as soon as possible.
2. We process applications for our member institutions from 1 March for the following year's January (First Semester) intake. We process applications for member universities that have a Second Semester intake from August for the following year's July (Second Semester) intake.
3. In addition to Semester Programmes, TVET colleges also offer trimester programmes. Applications for these will be received at various points in the year. See the CAO website for details, or call us for more information, or call the TVET College directly.
4. If you are currently in Grade 12, you must submit your;
 - 4.1 Final Grade 11 Results and;
 - 4.2 a certified copy of your ID with your application.
 - 4.3 After June, you must also submit your mid-year results and after September, you must also submit your Grade 12 Trials results.

We add each result and document to your original application and make copies of all your documents as we receive them and make them available to all the institutions to which you apply. If, after you have submitted your original application you inform us that you have changed your email address or cellphone number or residential address, we make the necessary changes on your original application and inform the institutions to which you have applied.
5. If you are not currently in Grade 12, but have completed Grade 12 previously, you must apply as early in the year preceding the year of entry by:
 - 5.1 Completing and submitting your application together with;
 - 5.2 a certified copy of your Grade 12 Statement of Results or National Senior Certificate;
 - 5.3 a certified copy of your ID. If you don't have a copy of your ID you must provide your ID number on the online or hard copy application and submit a certified copy of your ID as soon as you receive it.
 - 5.4 If you are applying to a TVET college, you must send a certified copy of results of the last grade you have passed at school.
 - 5.5 If you have upgraded one or more of your subjects, send us a certified copy of your Combined Statement/Certificate of Results.
6. Institutions inform us that the earlier in the year you apply, the earlier you are considered for a place.
7. Make sure that the ID number and name and surname you use on your application form is exactly the same as the one you use when you register for your Final Grade 12 Examination. If it differs, we will not be able to download your final examination results from the Department of Basic Education (DBE) database and match them to your application information at the institution.
8. An application is considered to be valid only once the full application (hard copy or online), including the programme choices, signed Declaration and Informed Consent as well as the full application fee has been received by the CAO. Only then will it be processed and made available to institutions.
9. The official Received Date for the application will be the date on which the completed application - with programme choices, full payment, declaration and informed consent has been received. Applicant and application information will be sent to institutions only once these terms and conditions have been met.
10. Application and Change of Mind fees are not refundable.
11. Please provide the correct email and cell phone number as all messages are sent to you by email/SMS. We can only communicate

(continued on the following page)

3. Important Notice and Terms and Conditions *continued*

messages with you via email if you have supplied an email address and via cell if no email address is provided (the email/cell phone number that you provide on your original application form or the one you may have changed via written communication with us and that we have confirmed that it has been changed).

12. At four weeks after we receive your valid application, we will send you an Acknowledgement Letter by email in which we acknowledge that we have received and processed your application form. If no email address is provided, the communication will be sent by fax, and if no fax numbers are provided, letters will be sent by post. Applicants are encouraged to use a valid email address for communication since this is the quickest and most reliable way that you will receive letters. Posting letters is a last resort. See Electronic Communications and Transactions Act, 2002 on www.gov.za regarding emailed documents.
13. The Acknowledgement Letter will have all the details you have provided on your application. Applicants are fully responsible for checking their Acknowledgement Letters and informing the CAO of any errors, omissions or changes.
14. If you do not inform us of errors, omissions, or changes within two weeks after we have sent you the Acknowledgement Letter, we shall accept that all the information in the Acknowledgement Letter is correct and as complete as you want it to be.
15. If you have not received an Acknowledgement Letter within four weeks after you have applied, please enquire if the CAO has received your application. (See page 3 for contact details).
16. We provide your information to institutions electronically. The institutions have full and final responsibility for selection and admission decisions, not the CAO.
17. Selection decisions we receive from institutions we pass on to applicants as soon as we receive them from the institutions. The

institutions may also contact the applicant directly.

18. Institutions start making offers early in the year preceding the year of entry. It is in your best interest to submit your valid application as early as possible.
19. You will receive an SMS, a letter (either by email, fax or post) to inform you of any offers that you have been made by an institution to which you have applied. Try your best to have an email address to which we can send offer letters as institutions often have a cut-off date for receiving from the applicant confirmation of the acceptance of an offer. If the offer is not accepted within the stipulated period the institution reserves the right to withdraw the offer.
20. Offers to study may be withdrawn if:
 - You don't – within the period stipulated by the institution – tell the institution you want to accept the offer or;
 - The conditions of the offer are not met; and/or
 - The institution discovers that you have provided false information in your application, e.g. you have not declared that you have previously studied at that or another institution.
21. You will only receive either an email or SMS to inform you that you have been unsuccessful for any of the programme choices you applied for.
22. Applicants should apply and pay on or before the published closing dates. Applications received after these dates will be considered as Late Applications and each institution has its own rules and procedures on how they deal with applications received after the closing date.
23. If, after you have applied, you want to change your qualifications/ programme choices, you may complete a Change of Mind Request Form (COM) and choose different qualifications/programmes. These forms can be downloaded from our website or requested from our Call Centre.

24. A COM will only be processed once we have received the COM fee (See page 171 for fee structure).
25. Any number of programme changes/additions (up to six programmes) on the same Change of Mind Request Form is considered as one for payment purposes.
26. If you submit qualification/programme changes/additions on more than one Change of Mind Request Form and/or at different times, each Change of Mind Request Form submission will be regarded as a separate request and a fee must be paid for each submission, not for each qualification/programme change.
27. Payment/s for multiple COM Request Form submissions will be allocated and processed strictly in the sequence that the COM Request Forms were received.
28. Every attempt has been made to ensure that the information in this Handbook is accurate and up to date at the time of going to print. However, institutions continually update their programmes and entry requirements.
29. During the course of the year, institutions may make available new programmes that were not finalised in time to be included in this Handbook – check our website www.cao.ac.za, Facebook page or contact our Call Centre on 0860 860 226 or 031 268 4444 for updates. At the time of going to print, only a few skills training and learnership programmes were included in this Handbook. Please check the website or contact us during the course of the year to find out about other available TVET skills training and learnership programmes or contact the TVET College directly.
30. An entry in this Handbook does not oblige the institution to offer the programme as institutions continually assess their programmes and may decide to discontinue programmes during an application cycle. If an institution discontinues a programme that is published in this Handbook, the applicant may change such a programme at no cost to them.
31. Specified entry requirements are guidelines used by institutions and each institution sets its own minimum entry requirements.
32. Entry requirements published in the Handbook are MINIMUM requirements for your application to be considered; and in most cases, the number of applications for a qualification/programme far exceeds the number of places that an institution has available for the qualification/programme. Therefore, while you may meet the published minimum entry requirements, it does not guarantee acceptance.
33. All payments to the CAO is done through EasyPay or by providing us with the information requested as item labelled “O” on the application form or pay online at www.CAO.ac.za and click on ‘My Application’. The CAO does not take responsibility for payments in any other manner.
34. CAO, its Administration departments, staff or any affiliated persons who provide information to the institutions, public and or prospective students provides such information, whether written or oral, in good faith. In the event that the public and/ or prospective students act upon such information to their detriment, CAO shall not be liable for any loss, harm or damage (direct, consequential or special), or expense of any nature whatsoever, which may be suffered as a result of reliance on such information, the interpretation thereof or any references made thereto. CAO, to the best of its ability, attempts to ensure that the information provided is both true and correct, free from error, omission or misrepresentation, however does not warrant the aforesaid expressly or impliedly.

6 REASONS TO STUDY AT DUT!

1. We deliver 69 academic courses designed to make you employable, delivered across five campuses in Durban and two campuses in the Midlands and six faculties - Accounting and Informatics; Applied Sciences; Arts and Design; Engineering and the Built Environment; Health Sciences; and Management Sciences.

2. We offer internationally recognised undergraduate and postgraduate qualifications which have consistently produced award-winning students for over a century.

3. We offer Work Integrated Learning (WIL) in nearly every course. In many cases, this includes spending time in industry as an intern.

4. We have 3000 staff members, 1200 of whom are academic staff members, many with Doctoral qualifications and Professorship. A Masters degree is the minimum standard qualification for a full-time lecturer.

5. At DUT it's about you reaching your full potential. We believe in a student-centred education.

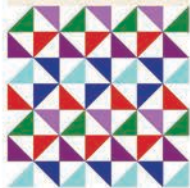

6. We now offer a broad spectrum of new degrees, ranging from Bachelor's Degrees to Doctoral Degrees to increase your employability potential and help kickstart your career.

An access route is an alternative study route that may lead to your original programme of study. Some programmes don't have access routes but offer three- and four-year options based on the applicant's results in the NSC and in selection tests. These programmes are indicated by '3/4 yrs' in the Programme Choice List under 'duration'.

Finding out what other programmes are available

If you have access to the Internet, you will find lists of available programmes and their entry requirements on our website www.cao.ac.za. If you have not been selected for any of your choices, the CAO can help with information about programmes that you may qualify for.

Contact the CAO on 031 268 4444 or Share Call 0860 860 CAO/ 0860 860 226. If there are other programmes you would like to apply for, submit a Change of Mind Request Form to comscao@cao.ac.za or fax it to 086 622 8833. This form can be downloaded from www.cao.ac.za, or call us on 0860 860 226 to request that a form be sent to you.

Institutions with places to fill may contact you directly

Private colleges and other institutions request details of applicants who may be interested in studying with them. You may be approached to see if you are interested in a particular programme.

Mid-year entry point

Some programmes have a second semester (mid-year) intake of students during the year. You will find this information under 'entry term' in the Programme Choice List as explained on page 17 or on the CAO website www.cao.ac.za. TVET colleges also have trimester entry for Nated ('N') programmes and skills programmes.

Extending your application forward to next year

You will be allowed to extend your 2019 application into 2020 provided you complete a Change of Mind Request Form (see page 203) which must reach us by 31 March 2019. Thereafter, you will need to make a new application.

If you have been 'regretted' for any of your choices, check the entry requirements before applying to the same programmes again.

2. TVET College Study

Technical Vocational Education and Training (abbreviated TVET) comprises vocational, occupational and Artisan education and training as offered by TVET colleges. For more information on Artisans, see pages 190 to 194.

Programme offerings

A wide range of courses/programmes that have been developed to respond to the scarce skills needed by employers are offered. Courses

vary in duration from a short course of a few hours to a formal diploma course of three years. Some courses also provide access to Higher Education studies in the same field of study as the qualification obtained from a TVET college and these course offerings range from NQF level 2 to 5 and in a few cases, up to level 6. TVET College course offerings are listed under the green headings in the Programme Choice List section of this handbook from page 34 to 149.

Programme types

Diploma	Certificate	NC(V)
<ul style="list-style-type: none">• Diploma study is vocation based (trade based), and develops career oriented skills and practical knowledge.• Diploma programmes train high-level person power – people who are ready to start work on completion of their studies.• Students are instructed through a combination of theoretical study and practical experience, in many cases in an appropriate work situation. Students learn how to apply their knowledge in real-life situations.• The National Nated Diploma is awarded in the third year following successful completion of 18 months on campus study and 18 months Work Integrated Learning (WIL) experience.	<ul style="list-style-type: none">• Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study.• It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training.• A practical component is part of all courses, often in a real workplace situation.• Students who complete a certificate programme may be considered for admission to diploma study in related fields.	<ul style="list-style-type: none">• Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study.• It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training.• Vocational study helps students to develop marketable skills in their chosen vocational field.• The NC(V) covers three years of study, and a certificate is awarded after each year. A practical component is part of all courses, often in a real workplace situation.• Students who complete an NC(V) or N4 may be considered for admission to diploma study in related fields at universities of technology or can continue with advanced study.

For more information, please see contact details for TVET colleges on pages 210 to 213.

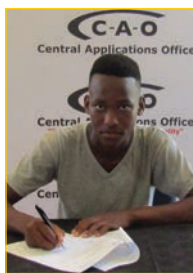

BURSARY COMPETITION

WIN one of four bursaries ranging from **R10 000** to **R20 000** each

Apply early to our partnering further and higher education institutions listed in this Handbook and you will be automatically entered into the draw monthly!

2017 BURSARY WINNERS

Mawande Ndhlovu
Winner of the
R20 000 Bursary
Studying ND Industrial
Engineering at DUT

Sibusiso Masinga
Winner of the
R15 000 Bursary
Studying ND Pulp & Paper
Technology at DUT

Thub'lihe Ngwane
Winner of the
R12 000 Bursary
Studying ND Sport
Management at DUT

Khethinkosi Mavundla
Winner of the
R10 000 Bursary
Studying Dip Applications
Development at DUT

All qualifying* applicants will be entered into this draw

- 1 x R20 000 if you apply by **31 May 2018**
- 1 x R15 000 if you apply by **30 June 2018**
- 1 x R12 000 if you apply by **31 August 2018**
- 1 x R10 000 if you apply by **30 September 2018**

*Your application form and fee must reach the CAO on or before the end of the months indicated. Programmes for 2019 close from end June. Terms and conditions apply.

TVET Skills Training and Learnership applicants do not qualify for entry into this competition.

THE DRAW FOR ALL FOUR BURSARIES TAKES PLACE DURING NOVEMBER 2018.

3. Understanding the Programme Choice List

The programme choice list is divided according to career directions.

Career directions are divided into three sections. The first with the **BLUE** heading contains programmes at universities and universities of technology, the second with the **GREEN** heading contains programmes at public TVET colleges, and the third with **ORANGE** heading contains programmes at private colleges.

How to find a programme

Look up the field of study, for example, Sport, in the 'Index' (pages 234 to 238) and then go directly to the page/s specified. Programmes are grouped according to the level of study within each career direction.

The different levels of study are:

- Shorter course study
- NC(V) study
- Certificate study
- Diploma study
- Degree study
- B Tech/M Tech study (programmes for people with a diploma or a degree)

If you are looking for postgraduate study, consult the institution for courses that are not included in this Handbook. You will also find some shorter courses and programmes for people who are already working as educators or nurses. Within each category, the programmes are listed in alphabetical order by programme name.

Points calculation tables

National Senior Certificate (NSC) Points Calculation Table

Points are calculated on the best six subjects, excluding Life Orientation

	90-100%	80-89%	70-79%	60-69%	50-59%	40-49%	30-39%	0-29%
Level	7	7	6	5	4	3	2	1
Points	8	7	6	5	4	3	2	1

Senior Certificate (SC) Points Calculation Table

Symbol	A	B	C	D	E	F
Points HG subjects	8	7	6	5	4	3
Points SG subjects	6	5	4	3	2	1

Each set of points requirements will be displayed alongside the corresponding exam type. Further requirements may apply for selection, therefore meeting the minimum points does not guarantee that you will be offered a place. **N.B.:** *UKZN calculates points using the applicants' English and Maths/ Maths Lit plus four of the best remaining subjects (excluding LO). Other institutions calculate points in other ways, e.g. doubling points for specific prerequisite subjects in certain programmes. Please check the notes column in the programme list in this handbook or institutions' prospectus/website for details.*

3. Understanding the Programme Choice List *continued*

Minimum entry requirements continued...

For a full list of the abbreviations used, refer to the acronyms and abbreviations on pages 224-225. Mature age applicants and those seeking admission on the basis of Recognition of Prior Learning (RPL) or foreign qualifications should consult the institution.

Colour codes in programme name

Pink: Part-time study

Brown: A new programme awaiting approval from DHET/Senate at the time of this handbook being published. Contact the institution to confirm if the programme will be offered.

NSC/IEB/SACAI

Minimum entry requirements for applicants writing NSC are shaded pink.

Degree study

Your Statement of Symbols or Certificate will indicate if you meet the minimum entry requirements for degree study, which are four subjects from the designated list below at level 4 (50-59%), your home language at level 3 (40-49%), and English at level 2 (30-39%).

Approved designated subjects for degree study:

- Languages (one language of learning and teaching at a higher education institution and two other recognised language subjects)
- Accounting
- Agricultural Science
- Business Studies
- Consumer Studies
- Dramatic Arts
- Economics

- Engineering Graphics & Design
- Geography
- History
- Information Technology
- Life Sciences
- Mathematics or Mathematical Literacy
- Music
- Physical Sciences
- Religion Studies
- Visual Arts

Where you see NSC Deg (four subjects at level 4) in the Programme Choice List, this means that you must meet the above requirements. If the institution has additional requirements, it will be indicated:

Example: NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and two subjects 4 from the designated list

This means that in addition to an NSC pass meeting the minimum standard required for entry into degree study, you must have passes in Mathematics and Physical Science at level 6 and English home language, or first additional language and Life Orientation at level 4. Two of the three other subjects must be from the designated list.

Diploma study

Your results will indicate if you meet the minimum entry requirements for diploma study, NSC Dip (four subjects at level 3), which are four subjects, including your home language at level 3 (40-49%) and English at level 2 (30-39%). If the institution has additional requirements, it will be indicated:

Example: NSC Dip with Engl HL 4/FAL 5 and Maths 4 and one 20 credit subject (excl. lang) 3

This means that in addition to an NSC pass meeting the minimum standard required for entry into a diploma programme, you must have passes with English home language at level 4 or English first additional language at level 5 and Mathematics at level 4. You must have one other subject at level 3, which is not a language.

Senior Certificate

Minimum entry requirements for applicants who have written their Senior Certificate are **shaded lemon**.

Example: Matric Exemption with Maths 'D' HG/'A' SG and Agric Sci or Biol or Phys Sci 'E' HG/'C' SG

This means that your Senior Certificate or Statement of Symbols must state that you have been granted an 'endorsement'. In addition, you must have passed Mathematics with 'D' on Higher Grade or 'A' on Standard Grade and at least one of Agricultural Science, Biology or Physical Science with 'E' on Higher Grade or 'C' on Standard Grade. If you qualify for an Ordinary Conditional Exemption, you could be considered for programmes specifying 'Matric Exemption', provided the other subject requirements are met.

N3/N4

Minimum entry requirements for applicants who have studied at a Technical Vocational Education and Training College (TVET) are **shaded mint**.

Example: N3 with two main subjects 'D' and Grade 12 Engl SG

This means that you must have an N3 pass. In addition, you must have passed two subjects with 'D' and Grade 12 English on Standard Grade.

NC(V)

Minimum entry requirements for applicants who have written National Certificate (Vocational) are **shaded lilac**.

Example: NC(V) with two Civil Engineering subjects 5 and Engl and Maths and Phys Sci 4

This means that you must have an NC(V) pass in a relevant learning field. You must have passes in three compulsory vocational subjects at level 5 and English and Maths and Physical Science at level 4.

Other requirements

If there are other entry requirements such as an N Dip, the list will tell you what qualification you must have to enter these programmes. If you do not already have this qualification, you should apply for that programme first.

Foreign qualifications

The following are considered to be equivalent to the South African degree entry requirements:

GCE

Five passes in GCE as well as two at 'A' level:

- 'A' level passes must be A, B, C, D or E
- 'O' level passes must be A, B or C.

Five passes in GCE as well as four at 'AS' level:

- 'A' level passes must be A, B, C, D or E;
- 'O' level passes must be A, B or C; and
- 'AS' level passes must be A, B, C or D.

3. Understanding the Programme Choice List *continued*

Applicants from SADC countries who have five passes at 'O' level, including English language, may be considered for diploma study.

HIGCSE/IGCSE

Passes in five subjects, four of which must be at HIGCSE level:

- HIGCSE passes must be 1, 2 or 3; and
- IGCSE passes must be A, B or C.

Applicants who wish to enter degree programmes are required to have passes in English language and one other language, and must usually have also passed Maths.

The Matriculation Board gives details of requirements for those with other qualifications. Applicants should apply for a 'Foreign' or 'Foreign Conditional' Matric Exemption from the Matriculation Board. Institutions will usually assist with this, or you can consult the Matriculation Board directly.

The Matriculation Board

P O Box 3854, Pretoria, 0001

☎ 010 591 4401/2 • 012 481 2922

Website: www.he-enrol.ac.za

Those wishing to enter diploma programmes may be required to have their qualifications assessed to confirm that they are equivalent to the South African Senior Certificate. This evaluation is carried out by SAQA (South African Qualifications Authority). If you need to contact SAQA, you must ask for the Quality Assurance Department. The cost of an assessment varies, depending on the level of priority. Conditions are on the SAQA website.

**INCREASE YOUR
EARNING POTENTIAL.
UPGRADE YOUR POSITION.**

VOTED AMONG
Sunday Times
GENERATION NEXT
**TOP 5 COOLEST
COLLEGES 2017!**

INTEC is at the forefront of providing a top quality education. Our affordability, coupled with the convenience of being able to work while you gain an industry recognised qualification and earn a salary, will put you on the right track to success – **INTEC has been a trusted distance learning provider for 111 years.**

INTEC spans six schools – **Business, Computer, Creative, Technical, Vocational and High School.** Each school has programmes designed to provide the best in theoretical and practical learning. The Academic Advising Centre will provide you with unlimited individual academic support. With your very own Academic Adviser on call to answer your specific programme queries, you will have the best opportunity to succeed in your chosen field.

Be part of one of the Coolest College's and enrol with INTEC today.

**Not happy with your results?
You can rewrite your Matric with INTEC College.**

DIPLOMA STUDY								
Diploma in Building	MN-M-DBU	30 Sep		NSC Dip with Engl and Maths and Phys Sci 4	1	3 yrs	B	FET Subjects: N6 Quantity Surveying, N6 Building & Structural Construction, N6 Building Administration. Please contact 031 819 9299 for more details. This programme closes end Sep. The N Dip Building qualification name has changed to Diploma in Building
				Senior Cert with Engl 'D' SG and Maths and Phys Sci 'E' HG				
				N3 with 50% for Maths and Engl 'E' SG				
				NC(V) 4 with minimum of 50% in 3 fundamental subjects (Engl, Maths and LO) and 60% in 3 Building Construction subjects and Civil & Construction Technology				
				GCE, GCSE, IGCSE or Cambridge School Certificate with 5 subjects at O Levels including Maths and Sci and Eng A/B/C. Three of the five must be passed in the same exam sitting				

* Note 1: This programme has replaced the N Dip Building programme. NC(V) and N4 may only be considered if the candidate is already in possession of the NSC endorsed to study for a Bachelors degree at an institution of higher learning. In addition to these subject requirements, applicants with an NSC will be ranked according to the sum of their marks for Maths and Phys Sci, subject to a minimum combined score of 120% (Maths Lit will not be accepted as a substitute for Maths and LO is excluded). Prospective applicants that qualify for degree study at an institution of higher learning but do not meet these Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths, Engineering Science, Building & Structural Construction and Building & Structural Surveying. A minimum of 60% must be achieved for these subjects over a maximum of two exam sittings. Students will then be ranked alongside the NSC students according to the sum off their marks for N4.

UNIVERSITIES AND UNIVERSITIES OF TECHNOLOGY								
DEGREE STUDY								
Bachelor of Engineering Technology in Chemical Engineering	DU-D-ECH	30 Sep	28	NSC Deg with Engl and Maths and Phys Sci 4	1	3 yrs		* See note 1 below
			35	Senior Cert with Engl and Maths and Phys Sci 'C' HG/'B' SG				
				NC(V) 4 with 60% in English and LO and 70% in Maths and Phys Sci and two additional vocational subjects related to the field of chemical engineering				
Bachelor of Engineering Technology in Civil Engineering	DU-D-BNC	30 Sep		NSC Deg with Engl HL/FAL 4 AND Maths 4 AND Phys Sci 4	1	3 yrs		* See note 2 below
				Senior Cert with Maths and Phys Sci 'E' HG/'C' SG and Engl				
				NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two vocational subjects				
B Sc Engineering: Agricultural	KN-P-BEA	30 Sep	33	NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and two subjects from the designated list	1	4 yrs	P, U	
			35	Matric Exemption with Maths and Phys Sci 'C' HG				
B Sc Engineering: Chemical	KN-H-BEC	30 Sep	33	NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and three other subjects with at least two from the designated list	1	4 yrs	U	This programme will only consider 1st choice applicants.
			40	Matric Exemption with Maths and Phys Sci 'B' HG				
B Sc Engineering: Civil	KN-H-BEV	30 Sep	33	NSC Deg with Maths and Phys Sci 6 and Engl and LO 4 and two subjects from the designated list	1	4 yrs	U	This programme will only consider 1st choice applicants.
B Sc Engineering: Civil	KN-P-BEV	30 Sep	35	Matric Exemption with Maths and Phys Sci 'C' HG	1	4 yrs	U	This programme will only consider 1st choice applicants. 1st year at PMB only. 2nd - 4th year at Howard College only.

- * Note 1: Only applicants who rank this programme as 1st, 2nd and 3rd choice will be considered. Please Note: Applicants will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum score of 120% (Maths and Physical Science scores to be multiplied by a factor of 2 in order to equal 35 points for SC).
- * Note 2: Please note that applicants will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%. This programme is no longer semesterised. (No more 1st time intake in second semester). Civil engineering only considers 1st and 2nd choice applicants.

B Sc Engineering: Mechanical	KN-P-BEM	30 Sep			1	4 yrs	U	This programme will only consider 1st choice applicants. 1st year at PMB only. 2nd - 4th year Howard college only
Bachelor of Engineering Technology in Electronic Engineering	DU-D-BGL	30 Sep		NSC Deg with Engl HL/FAL 4 AND Maths 4 AND Phys Sci 4 Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG NC(V) 4 with 60% in Engl & LO and 70% in Maths & Phys Sci and two other vocational subjects	1	3 yrs		* See note 1 below

- * Note 1: This programme has replaced the N Dip Electrical (Light current) Engineering and Computer Systems programmes. Applicants with a NSC will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%. Applicants that qualify for degree study at an institution of higher learning (Bachelor's Pass), but do not meet the departmental Maths and/or Physical Science requirements, may present the following N4 subjects for consideration for entry to this programme – Mathematics and Engineering Science plus any two of: Industrial Electronics or Electronics; Digital Systems or Logic Systems; Electrotechnics. These subjects must all be passed in the same exam sitting with a minimum of 50%. Students will be ranked alongside NSC applicants, according to the sum of their marks for N4 Mathematics and Engineering Science, subject to a minimum combined score of 120%.

UNIVERSITIES AND UNIVERSITIES OF TECHNOLOGY								
DEGREE STUDY								
Bachelor of Engineering Technology in Industrial Engineering	DU-D-BIE	30 Sep		NSC Deg with Engl HL 4/FAL 4 and Maths and Phys Sci 4	1	3 yrs		* See note 1 below
				Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG				
Bachelor of Engineering Technology in Mechanical Engineering	DU-D-BGM	30 Sep		NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two other vocational subjects 70%	1	3 yrs		* See note 2 below
Bachelor of Engineering Technology in Power Engineering	DU-D-BGH	30 Sep		NSC Deg with Engl HL/FAL 4 AND Maths 4 AND Phys Sci 4	1	3 yrs		This programme has replaced the N Dip Electrical (Heavy Current) Engineering programmes. Applicants with a NSC will be ranked according to the sum of their scores for Mathematics and Physical Science, subject to a minimum combined score of 120%
				Senior Cert with Engl and Maths and Phys Sci 'E' HG/'C' SG				
				NC(V) 4 with 60% in Engl and LO and 70% in Maths and Phys Sci and two other relevant vocational subjects				

- * Note 1: This programme has replaced the N Dip Industrial Engineering programme. In addition to these subject requirements, applicants with an NSC will be ranked according to the sum of their marks for Maths and Phys Sci, subject to a minimum combined score of 120% (Maths Lit will not be accepted as a substitute for Maths). Prospective applicants that qualify for degree study at an institution of higher learning but do not meet these Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths and Engineering Science plus two of Mechanotechnics, Engineering Drawing and Electrotechnics. A minimum of 50% must be achieved for these subjects in the same exam sittings. Students will then be ranked alongside the NSC students according to the sum off their marks for N4 Maths and Engineering Science subject to a minimum combined score of 120%.
- ** Note 2: This programme has replaced the N Dip Mechanical Engineering programmes. In addition to these subject requirements, applicants with an NSC will be ranked according to the sum of their marks for Maths and Phys Sci, subject to a minimum combined score of 120% (Maths Lit will not be accepted as a substitute for Maths). Prospective applicants that qualify for degree study at an institution of higher learning but do not meet these Maths and/or Phys Sci requirements may present the following N4 subjects for consideration for entry into this programme: Maths and Engineering Science plus two of Mechanotechnics, Engineering Drawing and Electrotechnics. A minimum of 50% must be achieved for these subjects in the same exam sittings. Students will then be ranked alongside the NSC students according to the sum off their marks for N4 Maths and Engineering Science subject to a minimum combined score of 120.

				Senior Cert with Engl and Maths 'E' HG/'D' SG				
				NC(V) 4 with 60% in Engl and Maths				

* Note 1: The closing date for this programme is 30 Sep. We regret that applications received after this date cannot be considered. Prospective students may be required to sit for a suitable placement test, as part of the entry requirement to this programme. Prospective students that qualify for degree study at an institution of higher learning but do not meet the departmental mathematics requirements, may present the following N4 subjects for consideration for entry to the degree programme - Mathematics and Engineering Science with a minimum of 50%.

** Note 2: This programme has replaced the N Dip Architectural Technology programme. Other recommended subjects (not compulsory): Technology, History, Art, Technical Drawing, Geography. In addition to these requirements, applicants with architecture as their first choice at DUT will be required to undergo a ranking test for selection purposes. (Maths Lit will not be accepted as a substitute for Maths).

MANAGEMENT AND PLANNING

Programme name	Programme code	Closing date	Min. points	Minimum entry requirements	Entry term	Course duration	Access route	Notes
PRIVATE COLLEGES								
HONOURS AND MASTERS STUDY								
Hons B Com Management	VC-D-4BM			An appropriate Bachelor's Degree; OR An appropriate Advanced Diploma, provided that a 360 credit Diploma OR appropriate equivalent has been completed. An appropriate degree would be a Bachelor of Business Administration (BBA) or Bachelor of Commerce (BCom) or equivalent qualification(s), with one of the management disciplines at NQF Level 7	1	1.5 yrs		This is a distance learning programme. * See note below
SHORT LEARNING PROGRAMME								
Project Management	VC-D-SPM			Proficiency in English/ Preferably have three to four years work experience/ Must be able to engage in self-directed study		14 wks		This is a part-time programme
Supply Chain & Logistics Management	VC-D-SSC					10 wks		
Operations Management	VC-D-SOM					8 wks		
Marketing Management	VC-D-SMM					10 mnth		This is a distance learning programme
Business Management	VC-D-SMB					10 mnth		
Human Resource Management	VC-D-SHR					8 wks		
Introduction to Project Management	VC-D-SPR					17 wks		

* Note:

- Candidates are normally required to have a minimum final year average of 60% in their third year modules (NQF L7) for the aforementioned prerequisite qualification. Those with a final year average of 58 or 59% may be considered but will be conditionally admitted.
 - Candidates must have completed a foundation research module at the undergraduate level, preferably at NQF Level 7. Those who have not completed a foundation research module at undergraduate level will be required to do The IIE Introduction to Research SLP and to demonstrate an understanding of basic research before they can commence their research report.
 - Graduates of The IIE who do not meet the conditional admissions requirements for admission to Honours can enrol for and repeat all or some of their NQF Level 7 modules in order to improve their marks so that they can meet the entry requirements for Honours. These graduate students will then receive an additional transcript after the completion of the repeat module(s), where the repeat module(s) will appear as a second iteration of the module(s) on the transcript. The marks from the second iteration can then be used for admission to Honours in the subsequent academic year. This option is only available to graduates from The IIE and does not apply to graduates from other HE institutions.
- RPL: Candidates who fall outside the above criteria, but who can demonstrate, to the satisfaction of The IIE that they have an appropriate, related qualification or work-based learning, which has taken the candidate to the equivalent of an NQF Level 7 Marketing, Branding or Communication-related qualification, may be considered for admission into this programme through an RPL process.

5. Alternative Access Routes

The institutions offer alternative access/extended programmes to help applicants who may not meet the entry requirements for specific degrees and diplomas. Most of these programmes only consider applicants from a disadvantaged educational background. Some of the programmes, when successfully completed, allow you to be considered for admission to a particular programme of study. In other programmes, you are admitted

directly to degree or diploma studies, and the initial modules are spread over a longer period than normal.

Programmes with access routes are indicated in the Programme Choice List. The letter in the access route column in the Programme Choice Lists indicates which access programme applies.

Institution	Programme	Access Route Reference	Programme Code	Duration	Requirements	Contact
DURBAN UNIVERSITY OF TECHNOLOGY	Access Course Engineering	1	DU-I-ACR	6 months	NSC Dip with Engl HL 3/FAL 4 and Maths and Phys Sci 3 OR Senior Cert with Engl and Maths and Phys Sci 'E' SG OR N4 with a 50% pass in four relevant subjects including Maths and Physics and Grade 12 Engl

CAMPUSES THROUGHOUT SOUTH AFRICA

1. Ways of Applying

How to apply to our higher education members/partners in KZN

1. Online (Preferred)

Applications can be completed online on our website **www.cao.ac.za** (see steps on page 160).

This is the preferred method of applying as it is the quickest way of having your application information available to the institutions once you have paid the application fee. The required supporting documents can be scanned and emailed, faxed, posted, hand delivered or sent to us at a later date.

(See our contact details on page 3)

2. Downloading

An application form can also be downloaded from our website **www.cao.ac.za**. You will need to complete the basic information section of the application online in order to download an application form. Once you select the 'download application form' option, you will need to print it out to complete it. Once the application form has been completed, it can be scanned and emailed, faxed, posted or hand delivered to us. If possible, send the completed application form together with the relevant documents. If you do not have the documents, you may send them later. You can pay the application fee online on our website or at any EasyPay outlet.

(See our contact details on page 3)

3. Hard Copy

Hard copy application forms can be obtained directly from our offices or from one of the following places:

- 3.1. Our partnering institutions (contact details on pages 206 - 221)
- 3.2. Department of Basic Education (DBE) district offices in KZN
- 3.3. Most public libraries
- 3.4. Most schools
- 3.5. Most DBE career exhibitions in KZN

Alternatively, you can contact us to request that a form be posted directly to you. Once the application form has been completed and the application fee has been paid, the application form, together with the

required supporting documents, can be scanned and emailed, faxed, posted or hand delivered to us. (See our contact details on page 3).

Apply early. Waiting until you have your Grade 12 results may be too late to get into your programme/s of choice. The CAO accepts applications from 1 March for entry in the following year.

Online application and/or downloadable application form

You can apply online or print a form from our website www.cao.ac.za by selecting 'Apply'. After completing your basic information, you will be given the option of continuing with the online application OR downloading an application form. Ensure that you agree to the Terms and Conditions, Declaration and Informed Consent!

REMEMBER:

- Offers of places may be withdrawn if the conditions are not met or if institutions discover that you have provided false information in your application for admission.
- If you are currently registered at DUT or UKZN and intend on applying to the same institution, please contact them first. In most cases, they will want you to apply directly to them because your student number is valid for life.
- If you do not have an asylum seeker, refugee or SA permanent residence status and intend applying to UKZN, please contact UKZN directly to apply www.ukzn.ac.za.

If you choose to continue with the online application, follow these four steps to complete your application:

- Step 1:** Complete all fields of the application as they are mandatory.
- Step 2:** Enter or select the programme choice/s you wish to apply for. Programme codes can be obtained from the CAO Handbook or under the 'Programmes' tab on the CAO website home page.
- Step 3:** Check that all details are correct before you click on 'Process My Application'.
- Step 4:** Pay your application fee (see page 172 for ways of making payment).

Financial aid

Tick the box on the form if you think you qualify and wish to be considered for financial aid.

- If you are a first-time applicant to study at university in 2019, (current Grade12 or other) and you require NSFAS funding, you must apply online at www.nsfas.org.za or call the NSFAS Call Centre on 0860 067 327 for more information on how to apply.
- Please note that completing a form does not guarantee financial aid. For further assistance, consult the Financial Aid and Scholarships Department at the institution to which you are applying (see contact details on pages 206 to 221).

2. How You Can Apply

How to complete the CAO Application Form

A1 – Applicant's personal information

Indicate your personal information, including your ID/ Passport number, which is essential.

A2 – Applicant contact details

Provide us with your contact information. Please note that most of our correspondence to you will be via the email address and cell number that you provide.

A3 & A4 – Address

Give us an address where you can receive letters via post. Letters will be sent to this address if you do not provide us with an email address.

A5 – Alternative contact details

Give us an alternative email address and cell number in case your emails return undelivered and we are unable to reach you on your cellphone via SMS.

B – Next of kin information

Provide us with the details of your parents or legal guardian. The institution will use this information to contact this person in the case of an emergency when you are a student.

A. APPLICANT INFORMATION

A1. PERSONAL INFORMATION (As per your ID)

First name(s)

Surname

Title (Miss/Mrs/Mr/Dr/Prof) Date of birth (DD/MM/YYYY)

ID number (South African citizens must provide ID number) Or Passport number (non South African)

A2. CONTACT DETAILS (Important for receiving communication faster - please check you emails regularly)

Email address for letters (NOT iXIT, Twitter or other cellphone email addresses)

Fax number (Local) Fax number (International)

Cellphone number for messages (Local) Cellphone number for messages (International)

Landline

A3. APPLICANT'S ADDRESS FOR POSTAL DELIVERIES (Please make sure that post is received at the address you provide)

Address type ☐ PO Box ☐ Private Bag ☐ House ☐ Flat ☐ Other (Plot, Erf, etc.)

Postal address details

Suburb Postcode

A4. ALTERNATIVE ADDRESS

Address type ☐ PO Box ☐ Private Bag ☐ House ☐ Flat ☐ Other (Plot, Erf, etc.)

Postal address details

Suburb Postcode

A5. ALTERNATIVE CONTACT DETAILS

Email address for letters

Cellphone

B. NEXT OF KIN INFORMATION

Cellphone Landline

Title First name(s)

Surname

Relationship to applicant

C. APPLICANT PREVIOUS SURNAME (if applicable)

D. CITIZENSHIP Are you a South African? ☐ YES ☐ NO

IF YOUR ANSWER IS NO, PLEASE PROVIDE THE INFORMATION REQUESTED BELOW

Country of citizenship

What sort of South African permit/visa do you have?

☐ None/Not yet issued ☐ Work ☐ Study ☐ Asylum seeker ☐ Refugee status ☐ Permanent resident

E. DECLARATION AND INFORMED CONSENT

The declaration, together with the informed consent forms on pages 5 and 6 of this application form, must be signed and submitted with your completed application form to CAO. Your application may not be processed if the signed declarations and informed consent forms are not received.

F. FINANCIAL AID

☐ Tick this box if you are applying to NSFAS for financial assistance. **This is not an application form for Financial Aid.** Applications for Financial Aid must be directed to NSFAS www.nsfas.org.za

How should NSFAS contact you? ☐ Email ☐ SMS Do you receive a SASSA grant? ☐ Yes ☐ No

POPULATION GROUP: ☐ African ☐ Coloured ☐ Indian ☐ White ☐ Other

MARITAL STATUS: ☐ Single ☐ Married

WHAT IS THE MAIN LANGUAGE YOU SPEAK AT HOME? (please tick one box only)

☐ Afrikaans ☐ English ☐ isiNdebele ☐ sePedi ☐ seSotho ☐ siSwati

☐ xiTsonga ☐ seTswana ☐ tshiVenda ☐ isiXhosa ☐ isiZulu ☐ Other

WHICH ONE OF THE FOLLOWING BEST DESCRIBES YOUR MOST RECENT ACTIVITY?

☐ Currently in Grade 12 ☐ Degree student ☐ Upgraded SC ☐ Other

☐ Grade 8 learner at high school ☐ Private College student ☐ Upgraded NSC

☐ Grade 9 learner at high school ☐ College of Nursing student ☐ Degree completed

☐ Grade 10 learner at high school ☐ TVET College student ☐ Diploma completed

☐ Grade 11 learner at high school ☐ Foreign tertiary student ☐ Certificate completed

☐ Certificate student ☐ Upgrading NSC ☐ Working

☐ Diploma student ☐ Upgrading SC ☐ Unemployed

C – About yourself

Indicate your previous surname, if you have one.

D – Citizenship

International applicants must complete these fields.

F – Financial aid

If you require financial aid, you must tick the box in this section and apply directly to NSFAS for financial aid. The NSFAS website is: www.nsfas.org.za

All fields are compulsory and must be completed.

H – Applicants with disabilities

If you have any disabilities, indicate them here. Institutions need to know this so that they can cater for your needs.

H. APPLICANTS WITH DISABILITIES

Higher education institutions are sensitive to your needs. Please indicate if you have any conditions requiring assistance.

I – Parent/guardian information

Indicate your parent/guardian information here.

I. PARENT/GUARDIAN

Father (Title)	<input type="text"/>	First name	<input type="text"/>	Cellphone	<input type="text"/>
Surname	<input type="text"/>	ID number	<input type="text"/>		
Mother (Title)	<input type="text"/>	First name	<input type="text"/>	Cellphone	<input type="text"/>
Surname	<input type="text"/>	ID number	<input type="text"/>		
Guardian (Title) (if applicable)	<input type="text"/>	First name	<input type="text"/>	Cellphone	<input type="text"/>
Surname	<input type="text"/>	ID number	<input type="text"/>		

J – High school

Institutions require your school history.

J. HIGH SCHOOL (Where Grade 12 was completed or is being completed)

1. School name	<input type="text"/>
Province (SA) / Country (If not SA)	<input type="text"/>
Suburb	<input type="text"/>
Postcode	<input type="text"/>
From year	<input type="text"/>
to	<input type="text"/>
2. If you are not in Grade 12 or don't intend going to Grade 12, provide details of the school where your highest grade was passed (complete this only if you are applying to study at a TVET College):	
School name	<input type="text"/>
Province (SA) / Country (If not SA)	<input type="text"/>
Suburb	<input type="text"/>
Postcode	<input type="text"/>
Highest grade passed	<input type="text"/>
Year	<input type="text"/>

Please list the subjects you are currently studying and send us the certified copies of your Final Grade 11, June Grade 12 and Trial Grade 12 results as they become available. DO NOT wait for your results before submitting your application. We DO NOT require March/Term 1 Grade 12 results.

If you have written/are writing any supplementary subjects since you completed high school, list the subjects and results below and send us a copy of the results

L. YOUR PROGRAMME CHOICES (List your programmes in order of preference)

You will need the latest CAO Handbook to complete this section or use the CAO website. Complete your programme choices and your preferred institution/s and campuses. DO NOT apply for programmes for which you do not have the correct subject combinations. If you have not specified your entry year and/or intake, we will process your application for the next available entry intake.

N.B. If you are in Grade 12 and apply for a B Tech programme, we will process the diploma equivalent as the B Tech programme is not an undergraduate qualification. DO NOT complete a second application if later you decide to change any information. To make changes to your programmes, you must complete a Change of Mind Form. Consult the latest Handbook for details regarding the Change of Mind Process.

K – School subjects

In addition to providing us with copies of your results, please also write your subjects and results in this section, clearly indicating which is your home and first additional languages.

L – Your programme choices

Indicate the programmes you want to apply for here. Use the Programme Choice Lists in this Handbook or our website. Ensure that you complete the programme name and code as this tells us where you want to study and the specific programme you want to apply for (see the *Understanding the Programme Choice List* section in this Handbook that explains what the codes stand for on pages 16 to 22).

M – Your studies after completing Grade 12

If you have previously studied at a tertiary institution, indicate the details here and provide us with copies of your academic record.

M. YOUR STUDIES AFTER COMPLETING GRADE 12 (or other post school qualification completed)
If you have previously studied at another, or the same institution to which you are now applying and you withhold that information, the institution may immediately terminate your studies when this is discovered. Please provide academic transcripts of current/previous academic activity.

1. Date From	Institution	Qualification Name	Still Studying

N – Application fee

This table gives you a breakdown of the application fees applicable at various points in the cycle.

N. APPLICATION FEE

	To Start Studies in January 2019			To Start Studies in July 2018			To Start Studies in July 2019		
	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants
If form and fee reach us on or before	31 Oct 2018	R220.00	R275.00	31 May 2018	R200.00	R250.00	31 May 2019	R220.00	R275.00
If form and fee reach us on or after	1 Nov 2018	R440.00	R550.00	1 June 2018	R400.00	R500.00	1 June 2019	R440.00	R550.00

APPLICANTS WITH TVET PROGRAMME CHOICES ONLY DO NOT INCUR A LATE APPLICATION FEE. Any request to add, change or renumber programme choices will incur a 'Change of Mind' Fee of R110.00. If you are using this form to apply for entry in 2020 or later, please contact us to confirm the fee.

O – Checklist

Use this checklist to indicate what you are sending us. Remember to go through all the items on the list and send us all the relevant documentation.

O. CHECKLIST – HAVE YOU INCLUDED:

- ☐ Proof of Payment
- ☐ **Certified copy** of your identity document (South African citizens) OR passport (international applicants ONLY)
- ☐ **Certified copy** of final grade 11 examination results. Submit your grade 12 mid-year and trial results when they become available to you if you are currently a grade 12 learner in high school
- ☐ **Certified copy** of final Grade 12 statement of results or certificate (if already issued)
- ☐ **Certified copy** of upgrade/re-write results (if already issued)
- ☐ **Certified copy** of school examination results – highest grade passed (for applicants who are not in Grade 12 and applying for TVET College study only)
- ☐ **Certified copy** of academic transcript and certificate of good conduct (if you have studied at or are currently studying at a tertiary institution)
- ☐ **Copy** of NSC Admission Letter/Timetable as soon as you receive it (this document contains your ID number, examination number and personal details)
- ☐ **Certified copy** of Study or Residence Permit (if you are a non-South African applicant)
- ☐ Have you completed ALL SECTIONS in this application form?

Please **DO NOT** send us your original documents. We cannot be held responsible for your documents' safekeeping. If a portfolio is required, send it directly to the institution and **NOT** to the CAO.

DECLARATION AND INFORMED CONSENT BY APPLICANT

I, (name and surname), the undersigned

with ID Number being over 18/assisted by my parent or legal guardian as I am under 18, declare that all the information supplied on my application form and supporting documents is true to the best of my knowledge and that none of the information requested has been withheld.

I have read and I understand the terms and conditions in the current CAO Handbook and/or on the CAO website. I understand that this application may not be processed until CAO has received (a) this signed Declaration and Informed Consent, (b) fully completed Application Form as indicated in the current CAO Handbook or on the CAO website, (c) the relevant application fee indicated in the current CAO Handbook or on the CAO website. I agree that the CAO should proceed with processing my application even if it is after the closing date for some or all of the programmes I have selected. I understand and accept that the application fee is not refundable. I have checked whether I meet the minimum requirements of the programmes for which I am applying.

I undertake to notify the CAO if there is any change to my circumstances, which would mean that the information previously supplied is no longer accurate or complete. I undertake to inform the CAO of any incorrect or incomplete information brought to my attention through the Acknowledgement Letter that will be sent to me as soon as my application is processed. Failure to inform the CAO of any such incorrect or incomplete information within 14 days after the Acknowledgement Letter has been sent to you will result in all the information provided being assumed as correct. I accept that each institution applies its own selection criteria and procedures and that the selection decisions, once made, may change, dependent on their internal policies. I agree that if I knowingly or carelessly provided untrue or incomplete information with this application, the institutions to which I have applied may in their sole discretion deal with this application in terms of their institutional policies. They may also withdraw any offer of admission, whether accepted or not or require me to withdraw from the institution.

I undertake to submit to the CAO any documentation not included with this Declaration & Informed Consent form, including but not limited to, certified copies of any outstanding examination results as soon as they are available or when requested to do so.

Informed Consent

By filling in this application, I hereby agree to provide the Central Applications Office (CAO) with my personal information, based on the following:

Type of Information: Name, surname, address, email address, telephone number, next-of-kin details, citizenship, gender, population group, marital status, home language, present occupation, disabilities, high school where Grade 12 was completed or is being completed, programme choices for post school study, highest qualification, declaration by applicant/parent/guardian, financial aid required, and residence required.

Storage, Sharing and Retention of Information: All personal information that you provide to the CAO will be held and/or stored securely and held for the purpose so indicated. The information will be stored electronically on our database and on the databases of the post school institutions to which we have made it available. Hard copies that you may provide will be stored in our documents archive and will only be available to the post school institution where you have been accepted and registered. Records of personal information may be retained subject to S14 of the Protection of Personal Information Act (POPI).

Purpose: The information will be used to process your application for admission to one or more of our partnering institutions and/or to keep you informed of the progress of your application or of any programmes that may be of value to you.

Source: Information will be collected from you, and your final Grade 12 NSC results will be directly downloaded from the Department of Basic Education (DBE) or from the Independent Examination Board (IEB), whichever is relevant. Your ID will be verified with the Department of Home Affairs.

Voluntary or Mandatory: Provision of the information is voluntary.

Consequences of not Providing: If you do not provide all the information requested on the application form, your application will be incomplete and may not be processed and/or may not be considered by the institution(s).

Recipients of Information: Central Applications Office, Gate 11 UKZN, Mary Thiphe Road, Glenwood, Durban, 4001 OR Private Bag X06, Dalbridge, Durban, 4014 and relevant post school institutions.

Direct Marketing, Advertising and Promotional Activities: The CAO will not use your personal information for purposes other than for which it is collected.

Access and Right to Amend: While the information is on the CAO's system, access to and right to amend the information will not be unreasonably withheld.

Right to Object: In terms of S 11(3) of POPI, you have the right to object in the prescribed manner to the CAO. On receipt of your objection the CAO will place a hold on any further processing until the cause of the objection has been resolved.

Complaints: You have the right to lodge a complaint to the CEO of the Central Applications Office and/or to the Information Regulator, once appointed.

Attach your documents inside the form.

Don't forget to attach the required documents
(see list of documents and explanations on
pages 167-168).

Remember to tick the checklist to show us
what you are enclosing.

TEAR OFF SLIP

CAO Number

EasyPay

CENTRAL APPLICATIONS OFFICE

For further information or
general enquiries
Visit our website: www.cao.ac.za
Fax: +27 31 268 4422
Call: 086 086 0 CAO/226
International: +27 31 268 4444

Tear off slip

This is the slip that you must tear off from the application form and keep for your records as it contains your unique CAO and EasyPay numbers

REMEMBER:

- Offers of places may be withdrawn if the conditions are not met or if institutions discover that you have provided false information in your application for admission.
- If you are currently registered at DUT or UKZN and intend on applying to the same institution, please contact them first. In most cases, they will want you to apply directly to them because your student number is valid for life.
- If you do not have an asylum seeker, refugee or SA permanent residence status and intend applying to UKZN, please contact UKZN directly to apply www.ukzn.ac.za.

Financial aid

Tick the box on the form if you think you qualify and wish to be considered for financial aid.

- If you are a first-time applicant to study at university in 2019, (current Grade 12 or other) and you require NSFAS funding, you must apply online at www.nsfas.org.za or call the NSFAS Call Centre on 0860 067 327 for more information on how to apply.
- Please note that completing a form does not guarantee financial aid. For further assistance, consult the Financial Aid and Scholarships Department at the institution to which you are applying (see contact details on pages 206 to 221)

Keep your receipt

The tear-off slip at the bottom of the back page of your application form is your receipt.

Your CAO number

Your CAO number is your unique personal reference number and is important. Make sure to keep a record of it – you will need it to make payment and when contacting the CAO or any of the institutions listed in this Handbook. Your CAO number is printed on the application form.

Each form has a different number – do NOT use a form photocopied from someone else. If you apply through the Internet or download an application form, your CAO number will appear on the screen. Make sure that you enclose all the documents you have available at the time of your application (please write your CAO number on the top right hand corner of all your documents). Send certified copies and NOT the originals. We cannot be held responsible for your documents' safekeeping. Tick the checklist on the form to show us what you are enclosing.

- ***A certified copy of your identity document or passport:***

If you do not already have an ID book, apply for one now – you will need it when you start studying.

- ***A certified copy of your final Grade 12 examination (if already issued):***

If you have the results but not the certificate, send us a copy of the Statement of Results/Symbols. If you are writing your final grade 12 in 2018, DO NOT send us your final results unless we ask you for them. We receive them directly from the Department of Basic Education.

- ***A certified copy of your school examination results:***

If you are still at school, we need a copy of your Final Grade 11, June Grade 12 and Trials results (or any of these that are available).

2. How You Can Apply *continued*

Institutions use these results to make early selection decisions. Please ensure that your name, surname and ID number appear on the same page as your results.

- **A certified copy of your school-leaving examination results:**
If you have written foreign or international school-leaving examinations, please send us copies of your results.
- **A copy of your academic record and certificate of good conduct:**
If you have already studied at a post-school institution.
- **Residence or study permit:**
If you are not a South African citizen and do not have a South African ID, we need a copy of any Residence or Study Permit you have been issued. When documents (e.g. examination results) become available after you have submitted your application, please send them to us, clearly marked with your CAO number. If you do not have any of these documents, you must still submit your application and pay the application fee. You may send the documents later.

Things to watch out for when filling in the application form

PLEASE TAKE NOTE

- Do NOT use a photocopy of the application form. Each form contains a unique CAO number.
- If you wish to make changes later in the year (e.g. changes to contact information, programme choices, etc) complete the necessary Change of Mind Request or Change of Contact – email, fax or post ONLY the changes to us – DO NOT complete a new application form.
- DO NOT send us more than one application form or complete more than one online application for the same entry year. If you submit more than one application, the first application received with payment and programme choices will be processed as your valid application. Any other applications received will not be processed.

Didn't get the matric results you wanted?
Star Schools' **Matric Rewrite Programme**
offers you a second chance at top marks.

Register now to receive high-quality tuition and educational materials in the subjects you need to improve.

On completion of your final exam you'll receive the Umalusi approved statement of results and matric certificate.

Rewrite matric with confidence and have the future you planned.

We offer:

- A safe environment
- Affordable rates
- Free tablet
- Financial assistance in partnership with Fundi

3. Application Fees

Application fees are non-refundable. Your application will not be forwarded to your institution(s) of choice until you submit full payment to the CAO. Fees for discontinued programme choices are not refunded, but you are allowed to change that choice at no cost to you.

If we do not receive your payment and/or your cheque or credit card is not honoured by the bank, ***YOUR APPLICATION WILL NOT BE MADE AVAILABLE TO THE INSTITUTIONS.*** Costs of returned cheques will be passed on to the applicant.

All fees are listed in South African Rands

APPLICATION FEE	To start studies in January 2019			To start studies in July 2018			To start studies in July 2019		
	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants	Date	SA Citizens	International Applicants
If form and fee reach us on or before	31 Oct 2018	R220.00	R275.00	31 May 2018	R200.00	R250.00	31 May 2019	R220.00	R275.00
If form and fee reach us on or after	1 Nov 2018	R440.00	R550.00	1 June 2018	R400.00	R500.00	1 June 2019	R440.00	R550.00

Applicants with TVET Programme Choices ONLY do not incur a late application fee.
Any request to add, change or renumber Programme Choices will incur a 'Change of Mind' fee of R110.00.

Make sure your application fee is paid in full on or before the published closing dates of the programme/s you apply for. If payment is received after the date on which we receive your application, the payment date will be treated as the received date of your application. Institutions have different closing dates for their programmes. If programmes have closed by the time we receive your payment, your application for

these programmes will be late. N.B. If you apply for Health Science programmes at UKZN and pay after the closing date, the status of these programmes will be 'Applications Closed' and will not be considered. If payment is received after 31 May (for July intake) or 31 October (for January intake), you will be liable to pay the late application fee, as indicated in the table above.

3. Application Fees *continued*

To contact us about payment queries or to send proof of payment when requested, fax 086 622 8817 or email paymentscao@cao.ac.za. International applicants should ensure that the amount paid covers bank charges. International cheques are acceptable only if drawn on a South African clearing bank. International postal orders are not accepted.

Applicants with refugee or asylum seeker status recognised by the Department of Home Affairs pay the fee for South African citizens. Non-SA citizens must pay the international fee.

Ways of paying the application fee

You must pay using any one of the following methods listed and NOT directly to the institution to which you have applied.

- **EasyPay.** You can pay your application fee at Checkers, Pick 'n Pay or any outlet with the EasyPay sign. This number is printed on the tear-off slip at the back of your application form or you can contact our Call Centre for the number. This is the barcoded 18 digit number on the tear-off slip on your application form.
- **Credit card payment by Visa or Mastercard.** You can make a credit card payment online at www.cao.ac.za by clicking on 'My Application' and follow the prompts.
- **Crossed cheque or bank draft made payable to the CAO and NOT to an institution.** Please write your CAO number on the back of the cheque. Please do not send or deposit post-dated cheques. Bank charges for returned cheques and a CAO handling charge will be added to your account.

- **Postal order.** Request the post office to make it payable to the Central Applications Office and NOT to an institution. Please complete your details, including your CAO number, on the back of the postal order. Please post your original postal order and keep your receipt as proof of payment.
- **Bank card.** If you come into the CAO office in person, you can make payment by debit or credit card.

Any queries about payments can be faxed to 086 622 8817 or emailed to paymentscao@cao.ac.za.

N.B. CASH PAYMENTS ARE NOT ACCEPTED AT OUR OFFICE

Ways of submitting your form

Send the completed form, payment or proof of payment and documentation to:

CAO, Private Bag X06, Dalbridge, 4014
Email to formsreceivedcao@cao.ac.za
OR fax to 086 622 8818

OR deliver in person to:

CAO, Gate 11, Mary Thiphe Street (previously Cato Manor Road), Durban
Office hours: 08h00-16h30, Monday-Friday.

Accreditation number: FET 00475. Damelin Correspondence College (Pty) Ltd is further accredited by the Quality Council for Trades and Occupations (QCTO) Accreditation number: 13/0005.

1. Find Out what You're Good at

How do I decide what to study?

You may be feeling quite stressed out about making this BIG decision and unsure how to choose a career that will be right for you... Well – relax, follow these Self-Help Steps, including the quiz on your working personality, and you'll be a whole lot more equipped to make a good choice when you're done!

Knowing which careers or jobs suit you is a process of discovery. The 'Helping you decide on your career' section is about finding out what you are good at, what kind of person you are, what careers are out there and then matching this information together. It's also about listening to your gut feeling because you are the expert on yourself! Very often you actually know what career directions seem interesting to you, but you may need some confirmation of this in order to feel more confident about your choice.

The CAO has included this section to give you more information to help make your choices. Choosing what to study and knowing what career direction this will lead you to is a really important choice that will affect you for a long time. So, put in the effort to gather the right information about yourself and your career choices.

Self-help steps

On a scale of 1 to 10, rate how ready you feel to make a career choice?

1 2 3 4 5 6 7 8 9 10

1 means that you feel very unprepared and 10 means you feel you have all the information you need to make a good choice. If you've chosen a number less than 10, you need more preparation, so keep going!

Okay, let's get started with gathering more information to help you to make a good study choice.

Knowing yourself

To learn more about yourself, you're going to need a pen, no really, you're going to need to go and get a pen; you've got some self exploring to do!

Look at the descriptions below.

For each number, choose either the **grey** description or the **red**. Circle the one that sounds most like you.

'People's person'	'Your own person'
Confident with large groups of people	Someone who enjoys smaller groups of people
Inspired and energised by being with people a large portion of the day	Someone who enjoys their own company
Friendly and outgoing	Reserved and often a 'deep thinker'
A person who has a wide social network	Comfortable spending time 'one on one' with a good friend or a few close friends
Spending the whole weekend going out with friends and family sounds like fun	Having some time with friends and family as well as having some space sounds relaxing

Using a different colour pen, ask someone who knows you well to circle the descriptions they think sound like you. On what side do you have more circled descriptions?

GREY – Many GREY answers suggest that you enjoy spending time with many different people for a large part of your day, and meeting new people. Your future career probably needs to focus a lot on people.

RED – Many RED answers suggest that you enjoy your own space and work well on your own. Be careful of jobs in which you will have a lot of contact with people!

For each description, circle either the **grey** or **red** side.

'Study focused'	'Practically minded'
Someone who enjoys studying and theory	Someone who enjoys doing
Someone who enjoys memorising work	Someone who enjoys working with their hands
Well read	Realistic and handy
Academically talented	A practical thinker
Someone who loves book learning	Interested in knowing how things work or how to do tasks

Which side have you got more circled descriptions in?

GREY – If you have circled more GREY descriptions, then perhaps you will like the courses on offer at university.

RED – If you chose more of the RED options, then you may prefer courses on offer at universities of technology or Technical Vocational and Education Training (TVET) colleges. But be careful – this is not always the case. Find out how much study and memorising versus practical work and in-situation training is involved in the study direction you choose.

Rate three of the following interests that sound like you!

A	Scientifically minded
B	A teacher, trainer, leader who enjoys serving or caring for people
C	Creative and imaginative – perhaps artistic or musical
D	Accurate, good with numbers and calculations
E	Someone who loves language and writing
F	Business minded and persuasive
G	Orderly, organised and time orientated
H	Technically minded

Here are some ideas of the careers these interests could lead you to.

A	Marine Biology, Biological Sciences, Geography, Agriculture, Nature Conservation, Animal Science, Computer Science/Information Technology, Food Technology, etc.
B	Teaching, Management, Medicine, Nursing, Social Work, Psychology, Dentistry, Optometry, Radiography, Occupational Therapy, Policing, etc.
C	Performing Arts, Fine Art, Graphic Design, Interior Design, Photography, Video Technology, etc.
D	Accounting and Bookkeeping, Financial Information Systems, Financial Management, Taxation, Auditing, etc.
E	Journalism, Media, Translation, Interpretation, etc.
F	Management, Marketing, Public Relations, etc.
G	Administration, Office Management, Secretarial, Computer Studies, etc.
H	Engineering, Operations Management, Surveying, Building, etc.

1. Find Out what You're Good at *continued*

Certain types of people match certain types of careers. Sometimes parents, friends or your community may try to push you towards a career that you know you're not right for. Sometimes your friends are all studying something – so you feel you should too. Other times you hear that you might get a bursary for a certain course and this makes you want to choose it. Be careful, as you will spend a large amount of your life working... and working in the wrong job can be stressful and unfulfilling.

Knowing what careers you really wouldn't like to do is VERY important too... Write down five careers you wouldn't like to do. Knowing what you don't want to do is just as important as knowing what you want to do. Perhaps you don't really like the idea of working with and caring for people, so a job in teaching, nursing or social work puts you off. Maybe you don't enjoy working with numbers, so careers in engineering or accounting seem unexciting.

Write down two careers you feel someone else would like you to do that you don't think are really right for you...

Think of the three school subjects you did well in or enjoyed. Write these down. These are strong areas for you and could be used in your future career. Was there a subject you wished you could have taken that was not offered by your school?

Which subjects were your least favourite?

When choosing your career, make sure your career does not need you to be good at the things you are not good at! After these seven steps, you've probably put in quite a lot of thought about the kind of person you are. It's so important to 'match' who you naturally are to a career that is

right for you. Continue to fill in the following quiz, which describes four different working personality types. Which one are you?

This next section of Self-Help Steps is about jobs that are out there. This is very important because if you don't know about different careers, you can't make a well informed choice!

Knowing about careers

On a scale of 1 to 10, rate how much you know about what jobs are out there in the world of work. 1 means you feel you have little knowledge of what jobs exist and 10 means you feel you know quite a bit about the variety of careers there are to choose from.

1 2 3 4 5 6 7 8 9 10

If you rated your knowledge as less than a 10, read on to build up your knowledge of careers and improve your score.

First things first: to get into a career, you usually need to study. Do you know the difference between NC(V), certificate, diploma and degree study? Do you know about distance learning, and part-time and full-time study options? If not, have a look at pages 186-187.

Okay, let's think about what jobs are out there. Have a look at the 'programme choice list' in this Handbook and read through the career directions. Are there any career directions there that you don't know about? Write these down. Then have a look through the relevant pages in the booklet itself, for example Computer Applications on page 95. You will see that you can study towards different degrees or diplomas in this career direction.

You will notice that there are different entry requirements for these options; they take different amounts of time to complete, and can be studied at different tertiary study institutions. Page 17 tells you exactly how to read and understand the 'Programme Choice List'.

So you realise there are some gaps in your career knowledge, but how do you find out more about careers you don't know about? Here are some ideas...

- Ask your Life Orientation (LO) teacher, parent or another adult to explain more about the career directions you're unsure of.
- Perhaps you have a family friend, neighbour or relative who does the job you are interested in finding out more about. Speak to them about their job.
- Use the coupon on page 229 to send away for more information on your institution of choice and the career direction that seems interesting to you. The CAO will inform the respective institutions that you would like more information from them. Have a look at www.pacecareers.com. This great website provides a lot of information about different types of jobs and careers. It also gives you ideas about where to find out further information, such as through professional bodies or associations. Do their extremely helpful quiz to find out more about what careers you might suit.
- You could also look in your school or public library for books on careers.

Now that you've done some research into the career directions, rate which three sound most interesting to you. ***Look these up in the Programme Choice List to see how to study towards them.***

Another way to refine your knowledge of your top three career directions is to speak to people working in these fields. You could phone a company in the industry to find out more. If they are not too busy, people are often very flattered to tell you about what they do. Phone them and say, "...Good morning/afternoon, my name is ____ and I want to study towards a career in _____. I am trying to find out more about what the career involves on a day-to-day basis. I would really appreciate speaking to someone in this career in your company".

Before you make this call, write down the questions you need to ask, e.g., what do you do on a day-to-day basis; are there jobs available in this career; what is the earning potential; how many hours do you work a week? etc. Remember to thank the person for their time!

You could also phone the institution you are thinking of studying through and ask to speak to their career counsellor. Many institutions have one of these and the service is free of charge. Or you could speak to the Admissions Office for details about the content of programmes. See contact details on pages 206 to 221.

After you have followed the steps above, rate your knowledge of careers.

① ② ③ ④ ⑤ ⑥ ⑦ ⑧ ⑨ ⑩

Wow! Your career knowledge has grown! Well done.

1. Find Out what You're Good at *continued*

You are well on your way to being ready to make a good career choice if you can tick these 12 statements:

- I am taking responsibility for my career choices and have done a lot of research into my future career.
- I know what career directions interest me.
- I know if I'd like to work with people or on my own.
- My career interests now stay the same and don't change much from day to day.
- I know what I am good at and what I am not good at doing.
- I know what school subjects and marks I need in order to apply for the career courses I'm interested in.
- I feel that I am being realistic about my future career options and that I will be using my skills and talents.
- I know that when I work in my chosen career it will be important to feel satisfied with the work.
- Other people are not making these decisions for me.
- I am planning to stick to my chosen study path not to 'just try it out' and figure something out later if it doesn't suit me.
- I have spoken to people who are in the job I am thinking about and I know what the average work day, salary and responsibilities for this job are.
- I know how to use the Programme Choice List and make my application to the CAO.

Congratulations on working through these steps towards making a good career decision! By now you probably feel a lot more confident in your ability to make a good career choice. Read on for a few more tips!

Paying for your studies

How you will finance your studies is also a very important thing to think about when making your career choice. There are different ways of doing this:

Loans – Most funding is in the form of a loan and loans need to be paid back to the institution you are borrowing from.

Bursaries – These are grants or monetary aid given to needy students or students who show good potential. These don't need to be paid back but you may need to work for the company who gave you the bursary for a few years. The Bursary Register is a booklet published every year that lists available bursaries. Tel: 011 672 6559; Email: rlevin@mweb.co.za.

A copy is usually available at the institution or on their financial aid web pages. A copy is also available at our office.

How can you find out more about loans and bursaries?

- Tertiary education institutions, except private colleges, have Financial Aid Offices that assist students with finance (see pages 206 to 221 for contact details).
- Web: www.nsfas.org.za. A National Student Financial Aid Scheme (NSFAS) study loan or bursary is for students who do not have the financial means to fund their studies. NSFAS loans and bursaries are for studies at public universities and TVET colleges and don't require parents or guardians to give surety. Tel: 0860 067 327; email: info@nsfas.org.za; postal address: Private Bag X1, Plumstead, 7801, South Africa.

- www.hcifoundation.co.za. HCI's bursary programme provides financial assistance to academically deserving and financially needy students in any field of study, for a first, full-time qualification at a university or university of technology registered with the Department of Education.
- www.pacecareers.com. Pace Careers' website includes, among other useful information, a list of available bursaries: www.gostudy.net/bursaries

Distance learning or part-time study options can be cheaper and allow you to earn while you learn. Some of these study options are listed in pink in this booklet, but most require you to apply directly to the institution.

Contact the relevant tertiary institution (see pages 206 to 221) for approximate costs and then fill in the following 'study budget calculator' to decide whether you can afford your course of study.

STUDY BUDGET CALCULATOR

Tuition fees (contact institutions for details)	R
--	---

Residence (if you won't be able to live at home or with relatives)	R
---	---

Food (unless you will be living at home)	R
---	---

Travel (daily travel to campus, travel at the beginning and end of term)	R
---	---

Books and equipment	R
----------------------------	---

Personal expenses (clothes, toiletries, medical bills, entertainment, etc.)	R
--	---

Total cost of one year	R
-------------------------------	---

Multiply the total cost for one year by the number of years that the programme lasts:

Total cost (one year) R x no. of years = total cost of programme	R
---	----------

Career personalities quiz

Do this self-assessment quiz as a guide for yourself as to what your working personality might be, and what types of careers and programmes of study might suit you. Answer the questions as honestly as you can. It is not a test and there are no wrong answers. For each pair of questions, choose the one that best describes you, and circle the letter of your choice, like this:

EXAMPLE

(A) Do you prefer mealie meal for breakfast? OR (B) Do you prefer bread for breakfast?

▼ START HERE

- 1 (A) Do you think you are a more 'hands on' practical person? OR (B) Do you think you are more of an ideas person?
 - 2 (A) Do you like to work with facts that you know are true, and to arrive at definite answers? OR (B) Do you like to deal with ideas and problems where there is no one clear factual answer?
 - 3 (A) Do you like to be given clear instructions before you start a task? OR (B) Do you like to be given the task, and then work out your own way of doing it?
 - 4 (A) Do you like to do tasks where it is important to be accurate? OR (B) Do you like to do tasks where you have to use creative thinking to solve a problem?
 - 5 (A) Do you like to solve problems and to approach your work in a step-by-step way? OR (B) Do you like to rely on clever ideas and moments of inspiration?
- Now total up your **As** and **Bs** for the five questions.
- A =

B =

Now answer the following questions:

- 1 (C) Do you usually make decisions to get the right end result? OR (D) Do you usually make decisions to make other people happy?
- 2 (C) Is it more important to be fair in your dealings with people? OR (D) Is it more important to be caring in your dealings with people?
- 3 (C) Is it more important to try to solve a person's problem? OR (D) Is it more important to comfort the person who has a problem?
- 4 (C) Would you prefer to work where you have to think clearly? OR (D) Would you prefer to work where you look after people and their needs?
- 5 (C) Is it more important to work in a place where you will get a lot of work done? OR (D) Is it more important to work in a place where people get along well together?

Now total up your **Cs** and **Ds** for the five questions.

A =

B =

C =

D =

The purpose of this page is to lead you to the animal symbol that you can use as a guide when you are choosing a career direction and programmes of study. On pages 182 and 183 you will find a list of the animal symbols and career opportunities that are suited to those working personalities.

Fill in your scores here:

A =

B =

C =

D =

If you scored more **As** and more **Cs**, this suggests that you are an '**Ant person**'.

If you scored more **As** and more **Ds**, this suggests that you are a '**Bee person**'.

If you scored more **Bs** and more **Cs**, this suggests that you are an '**Eagle person**'.

If you scored more **Bs** and more **Ds**, this suggests that you are a '**Honeyguide person**'.

The purpose of this page is to help you to find out if you are more **ORGANISED** or more **FLEXIBLE**. The information might help you when you come to choose a career direction and programmes of study. Each working personality type can be either more organised or more flexible.

Answer the following questions to find out if you are more organised or more flexible:

- 1 (E) Do you prefer to have one clear focus in your work? OR (F) Do you prefer to have a variety of things on the go?
- 2 (E) Do you prefer to work according to a set plan? OR (F) Do you prefer to respond to things as they come up?
- 3 (E) Do you like to make decisions that are final? OR (F) Do you like to make decisions that can be changed, or to avoid making decisions until the last minute?

Now total up your **Es** and **Fs** for the three questions.

E =

F =

If you got more **Es**, this would indicate that you tend to be more organised. You will probably find that you work better when there is a defined daily routine and you can make clear-cut decisions.

If you got more **Fs**, this would indicate that you tend to be more flexible. You might find that you work better in an environment that allows you to manage your own time and gather plenty of information before making a decision.

ANT (INTUTHWANE)

Ants are incredible creatures. They live in large colonies, working extremely hard for the common good. They can carry ten items their own weight and build huge structures.

Some people, like ants, are very helpful to others and do practical things to keep society organised and running smoothly. Ant people are often good administrators, and can organise an office, a social function or a business well. Whether working with facts or figures or helping others, Ant people are usually fair and objective. Justice is important to them.

Ant people are very good at working with detailed, factual information, and remembering facts. They follow directions well when doing complicated work.

CAUTION: There are exceptions, but most Ant people may not be comfortable in the following careers:

- Performing Arts • Communication/ Journalism • Psychology

They can be objective and logical. Ant people play an important role in holding society together through good and bad times.

Statistics show that Ant people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

BEE (INYOSI)

Bees work hard to gather pollen to make honey, and they care for their queen and their babies.

Unlike bees, Bee people do not often sting! They are warm, friendly people, who like to be of service to others. They care about people's feelings and they like harmony in relationships. Although they may be either shy or outgoing, their focus on the practical needs of others is central to their character.

Bee people are practical, and they like to approach tasks in a step-by-step way. They are often found organising social and community events. In their approach to the world, Bee people may be matter-of-fact, and when making decisions, they are likely to take into account how others will be affected by the outcome.

Statistics show that Bee people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

EAGLE (UKHOZI)

Eagles perch in high trees and can see far into the distance. This enables them to plan effectively. They are quick to swoop down on their prey.

Eagle people focus on the whole picture rather than the details, and they value their 'hunches' or gut feelings. They are good at working with complicated ideas. They tend to work in bursts of energy and to do things their own way. When dealing with people or groups of people, they may have deep understanding and insight into their situations. They usually prefer to make decisions using their heads rather than their hearts, as they value justice and fairness.

Eagle people are also excited by possibilities, by how things could be done differently and better.

Statistics show that Eagle people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

HONEYGUIDE (INHLAVA)

Honeyguides are different from other creatures – they communicate with people and animals, leading them to the bees' nest so that they can get honey. They make sure that the route they show them is safe and one that they can follow.

Honeyguide people are warm and enthusiastic, value their 'hunches' and gut feelings and are ruled more by their hearts than their heads. They are good at communicating with others, and they often want to save those who are in trouble. Honeyguide people like to live their lives according to the things that are important to them. Although they are usually gentle, they get angry when others do not respect what is important to them. For this reason, Honeyguide people often find themselves in situations where they are defending causes,

organising people or involved in communication.

Statistics show that Honeyguide people often succeed at these careers. However, with enough interest and determination, you could probably succeed at almost anything.

SOUTH AFRICA

This table is adapted from a NISHE publication, Into Higher Education – A Guide for Schools (2nd edition, HESA, 2006:71-73).

SCIENCES AND APPLIED SCIENCES

Learning Fields	Most Common Undergraduate Qualifications	Possible Career Directions
BUSINESS, COMMERCE AND MANAGEMENT STUDIES	Bachelor of Commerce A range of diplomas, e.g. National Diploma in Financial Management	Accountancy, taxation, insurance, auditing, financial planning, actuarial science, information systems, banking, business, imports and exports, marketing and sales, office management and technology, administration, organisational psychology, commercial law
AGRI-CULTURAL SCIENCE	Bachelor of Agriculture A range of diplomas, e.g. National Diploma in Agricultural Management	Agricultural management and extension, farming, animal husbandry, crop production, nature conservation, forestry, environmental management, horticulture
ENGINEERING AND TECHNOLOGY	Bachelor of Science in Engineering A range of diplomas, e.g. National Diploma in Engineering	Engineering (e.g. civil, mechanical, electrical, industrial, electronic, metallurgical), manufacturing technology (e.g. textile, pulp and paper, food), mining, telecommunications, computer engineering and programming, transport and logistics, geographic information systems, information and data management, urban and regional planning, surveying, architecture, construction
PHYSICAL, MATHEMATICAL, COMPUTER AND LIFE SCIENCES	Bachelor of Medicine and Bachelor of Surgery, Bachelor of Pharmacy, Bachelor of Dental Science, Bachelor of Nursing, a range of diplomas, e.g. National Diploma in Biotechnology	Health professions related to wide fields of medicine, psychiatry, dentistry, veterinary science, pharmacy, nursing and health and rehabilitation sciences, e.g. physiotherapy, radiography, occupational therapy, audiology, dietetics and nutrition, primary health care, community health, maternal and child health, forensic science, speech therapy, chiropractic, homeopathy, healthcare technology, occupational health, palliative medicine, sports medicine, emergency medical care
	Bachelor of Science, Bachelor of Architectural Studies (this degree straddles the humanities and the sciences. It requires strong performance in Mathematics and Visual Arts.) A range of diplomas, e.g. National Diploma in Information Technology	Various science and computer science related fields, e.g. archaeology, astronomy, bioinformatics, biotechnology, botany, zoology, chemistry, physics, demography, ecology, geology, hydrology, information technology, statistics, soil science, environmental science, marine biology, ocean and atmosphere science, biochemistry, biotechnology, human biosciences, microbiology, entomology, ichthyology

This table is adapted from a NISHE publication, Into Higher Education – A Guide for Schools (2nd edition, HESA, 2006: 71-73).

3. Qualification Types

DEGREE	Degree study develops the ability to work with ideas, to think in terms of systems, to experiment and to communicate	Study at a university and some programmes at private colleges lead to a degree	Some degree programmes prepare graduates for the workplace, but graduates in most disciplines will require on-the-job training to equip them for their future careers	A growing focus on inter-disciplinary studies and programmes helps students to develop the flexibility to respond to the challenges they will face	
DIPLOMA	Diploma study is vocation-based (trade based), and develops career-oriented skills and practical knowledge	Initial study at a university of technology or some courses at comprehensive universities and private colleges can lead to a diploma	Diploma programmes train high level person power – people who are ready to start work on completion of their studies	The institutions work hard to maintain close partnerships with commerce and industry, ensuring that they are sensitive to the needs of the communities they serve. They strive to establish research programmes so that they will be able to provide technological leadership	
CERTIFICATE	Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study	It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training	These courses are offered at some universities of technology, technical vocational education and training (TVET) colleges and private colleges	A practical component is part of all courses, often in a real workplace situation	
NC(V)	Skills-based education for people who may not have completed Grade 12 or may not qualify for diploma study	It concentrates on developing trained, skilled and qualified employees by placing a strong emphasis on hands-on training	These courses are offered at TVET colleges and private colleges	Vocational study helps students to develop marketable skills in their chosen vocational field. An accelerated NC(V) course, taking 18 months, will be available soon for students who have completed the NSC or Senior Certificate	
POSTGRADUATE	Postgraduate study is for applicants who have already studied at a higher education institution and have a degree or a diploma	If you do not have a qualification, you must apply for either a degree or a diploma			

	Teaching staff are actively involved in research; some are world experts in their fields	Instruction is theoretical and classroom- or laboratory-based. Students learn how to learn and evaluate	Most degree programmes last three or more years. Institutions may grant credits towards degrees for relevant courses passed at other recognised institutions	
	Students are instructed through a combination of theoretical study and practical experience, in many cases in an appropriate work situation. Students learn how to apply their knowledge in real-life situations	The National Diploma is awarded on successful completion of the third year, and those who wish to pursue their studies further can usually register for a Bachelor of Technology diploma, which requires a further one year full-time or two years part-time		
	Students who complete a certificate programme may be considered for admission to diploma study in related fields at universities of technology or can continue with advanced study at a TVET college	The Department of Higher Education and Training (DHET) TVET Colleges Bursary Fund provides financial assistance to deserving and motivated students who cannot otherwise afford to study		
	The NC(V) is offered in fields of study ranging from Tourism to Education & Development and from Safety in Society to Management	The NC(V) covers three years of study, and a certificate is awarded after each year. A practical component is part of all courses, often in a real workplace situation	Students who complete an NC(V) or N4 may be considered for admission to diploma study in related fields at universities of technology or can continue with advanced study at a TVET college	The DHET TVET Colleges Bursary Fund provides financial assistance to deserving and motivated students who cannot otherwise afford to study

4. Artisanship – What it is and How You can Become an Artisan

Why study in a TVET College?

- Do you believe you have a talent to create things with your hands?
- Do you find too much theory without practical application boring?
- Do you want to own a manufacturing factory one day?
- Do you want to fast-track your route to employment?
- Do you want to acquire hands-on skills?
- Did your matric results not qualify you for a Bachelor's entry into university?

If your answer is yes to more than one of the above, then you are at the right place!

What are the advantages?

Being an Artisan gives you the opportunity to express your talent through the creation of goods and products with your hands. It is the nature of the Artisan to express his or her through the invention, creation, manufacture, repair and manipulation of things. These can be artistic masterpieces, technological crafts or mechanical devices. The car you drive, the house you live in, the television you watch, the telephone you talk on, the clothes you wear, the furniture and appliances in your home and also the computer this Handbook is busy being developed on. These are things that Artisans have invented, designed, drawn plans for, and built. Artisans are impelled to make things. They get restless if they do not create something tangible. It is in their nature to produce physical objects. They

generate an idea from within themselves and they bring it out into material reality. They take raw material in their hands and fashion it into things of beauty and function.

Current scarce skills for Artisans

There are 16 scarce skills in Artisanship at this time. These are:

1. Bricklayer
2. Carpenter
3. Electrician
4. Millwright
5. Boilermaker
6. Carpenter and Joiner
7. Industrial Machinery Mechanic
8. Plumber
9. Painter
10. Pipe Fitter
11. Plasterer
12. Welder
13. Rigger
14. Moulder
15. Structural Plater
16. Sheet Metal Worker

Become an Artisan in seven steps defined

Step 1 – Career guidance and management

The implementation of an effective career guidance and management system for trade occupations is essential to ensure that persons wishing to become Artisans, especially young people, fully understand the possibilities, scope and activities of Artisans within industry. A system has been implemented to provide information and market Artisan careers among South Africans to ensure sufficient entrance of learners into Artisan trade occupations. Effective career guidance ensures that entrants will have made informed career choices and career management will facilitate progression to Artisan status and beyond into technician and engineering related occupations.

As part of career management, a professional registration process to enhance the status of Artisans will also be implemented, allowing for Artisan career development opportunities. Career guidance will include, among other things, medical examinations since many Artisan trades are physically demanding. This will ensure a maximum throughput for each of the three occupational learning steps – occupational knowledge, practical and workplace. Furthermore, if supported by entrepreneurial and business management skills, qualified Artisans are able to start up their own small businesses that could have a large impact on unemployment and job creation.

Step 2 – General, vocational or fundamental knowledge learning

Although Artisan occupations are primarily focused on hand skills

and practical ability, they are supported by a substantial amount of general, vocational or fundamental knowledge learnt through the basic schooling system or at a vocational college. To ensure effective throughput and success rates within occupational learning, strong fundamental knowledge is required of subjects such as Mathematics, Science, Drawing and technical language used in the technical working environment.

This fundamental knowledge will prepare the learners for effective learning and mastering of the three occupational learning components, which form part of Artisan trade training, occupational knowledge, practical and workplace training. The more generic fundamental knowledge is delivered at academic or focus schools as well as at TVET colleges.

At present, there are numerous options being utilised for this generic, vocational, fundamental knowledge, including the National Senior Certificate (Matric) at traditional learning academic or focus schools, as well as the more technical programmes such as the National Technical Education Certificate (NATED) or National Vocational Certificate NC(V) at TVET colleges. More recently, a National Adult Senior Certificate (NASCA) was also released for public comment that offers a further option for this generic, fundamental knowledge.

Step 3 – Learner agreement registration and contracting

The next step in becoming a qualified Artisan is to find a workplace approved employer who will enter into a learning programme agreement and contract with the learner after Step 2 (generic or vocational or fundamental knowledge component) has been completed successfully. The employer will apply an industry specific selection process prior

4. Artisanship continued

to entering into an agreement and contract with the learner, as they will want to ensure that the learners are fully suited to the industry they want to practise their trade in. Employers are also required to consider national transformation objectives to ensure equity in the workplace, as determined by relevant legislation. The learning programme agreement and contract will be a tripartite agreement between the employer, the learner and accredited training provider. A relevant SETA facilitates and registers the agreement and contract for the duration of the Artisan learning programme.

The conditions of the learning programme agreement and contract are prescribed in the relevant regulations issued by the Minister of Higher Education and Training and will include the agreement duration, completions and termination. They also ensure the protection of a learner under relevant labour laws such as the Basic Conditions of Employment Act (BCEA). This protection under the labour laws is important, both to ensure that learners receive an allowance as determined by a Sectoral Determination for Learnerships and Apprenticeships, but also so that learners are protected under occupational health and safety laws. At present, these regulations are known as the Learnerships Regulations, but these are in the process of being amended to become the Learning Programme Regulations.

A critical part of Step 3 is the allocation of funding for Artisan learners through Grant Payments from SETAs, which forms an integral part of the Learner Agreement and Contract. At present, there is a variety of grant systems and processes in place that has led to considerable confusion and manipulation of Artisan training by different stakeholders. There is also a considerable amount of work in

progress at present with all stakeholders to standardise and simplify the funding and administration system for Artisan learners. The outcomes of this process will continually be communicated to all stakeholders.

Step 4 – Occupational knowledge and practical learning

After a learning programme agreement is registered with a relevant SETA and a contract of learning (including funding arrangements) is in place, the Artisan learner then enters an accredited Artisan training centre. The learner then commences with the occupational knowledge and practical learning that is specific to the Artisan trade.

This specific trade occupational knowledge and practical component may be offered by the same or different providers that offered the generic, vocational or fundamental knowledge. This will depend on the accreditation scope of the skills development provider. The specific trade occupational knowledge is contextualised within the learning process to specific tasks required, such as fault finding, manufacturing, repair, services, etc.

The occupational trade knowledge may also have components of mathematics, science, drawing and technical language specific to the trade. Such knowledge is applied to the specific trade occupation as the learner learns and applies the knowledge daily in an integrated fashion. The practical learning that accompanies the occupational knowledge learning contextualises and applies the trade knowledge component to simulated situations in a practical setting in a training centre.

This ensures that learners are effectively prepared for workplace

learning, which follows after the occupational knowledge and practical learning process. The occupational knowledge and practical learning component must be offered at an accredited training centre covering the entire scope of an application to the specific trade. This learning is also known as 'off the job' learning that is progressively and sequentially taught. This ensures that the Artisan learner slowly and systematically gains competencies relevant to his or her trade.

At certain pre-determined stages, there are formative assessments applied, previously known as phase tests, to ensure that learners have assimilated the occupational knowledge and practical skills and can proceed to the next stage. Much of this occupational knowledge and practical learning are simulations of the type of work that the learner will actually engage in once he or she is finally a qualified Artisan.

Step 5 – Workplace learning

Real competence in any occupation involves a person applying and transferring learning at the workplace or across a variety of workplaces. Therefore, the most critical component of learning in Artisan development is workplace learning. During the workplace learning process, the occupational knowledge and practical learning assimilated during the previous step is applied in the workplace.

The Artisan learner is exposed to real life situations within the workplace, including all aspects of the Artisan occupation such as work ethics, safety, responsibilities and quality performance of work required by industry. In all Artisan trades, this is the most significant and difficult of the various learning processes and therefore the Artisan learner is supported in the workplace by a qualified workplace mentor, previously known as the journeyman.

These workplace mentors are qualified and experienced Artisans in the same trade the Artisan learner is registered for. In many instances, there is a scarcity of these mentors in the workplace and possible processes are being considered to bring back retired Artisans to fulfil the function of a mentor in the workplace.

The workplace learning process, known as the 'on the job' learning process, allows a learner to progressively and sequentially re-learn what he learnt in the practical learning process but applied in a real workplace.

During the workplace learning, the learner must be exposed to the entire scope of the trade as predetermined by the curriculum of the occupational trade qualification to ensure that once qualified, he or she will fully be competent to become a productive worker in the industry and will only need further specific industry training. Many of the current workplace learning programmes that exist in industry today are based on historic and often outdated training schedules developed under the Manpower Training Act.

Some programmes have been updated as unit standard based programmes and are now delivered as Learnerships in some sectors. The Quality Council for Trades and Occupations, in collaboration with the National Artisan Moderation Body, is progressively updating all these Artisan trade workplace programmes to become occupational-based curriculum and qualifications.

Step 6 – Trade testing and recognition of prior learning

Once the Artisan learner has successfully completed the occupational knowledge, practical and workplace learning, the Skills Development Act requires a learner to undergo an external final

4. Artisanship continued

summative assessment, also known as a Trade Test, before he or she can be certified as a qualified Artisan, irrespective of the route or pathway of learning the learner utilised.

All trade testing in South Africa will, in the near future, be regulated by national Trade Test Regulations issued under Section 26D(5) of the Skills Development Act that are applicable to all Trade Test Centres, whether they are operated by private, government or state-owned companies. These national, decentralised trade test centres must be accredited by the Quality Council for Trades and Occupations before they will be allowed to conduct national trade tests. The national trade test includes practical tasks that a learner must complete within a specified period of time, as determined by the National Artisan Moderation Body (NAMB).

In addition, all trade testing processes will be monitored and moderated by NAMB as required by Section 26A(2) of the Skills Development Act. The national trade testing system is also being built to include a customised Artisan development aligned Recognition of Prior Learning (RPL) system that will offer persons who have assimilated knowledge and skills related to an Artisan trade through workplace activities to also enter a well-supported process that will result in access to a national trade test.

To ensure that trade testing is always relevant to the needs of the industry and to ensure that learners achieve competent Artisan status, all Artisan trade testing or assessment practitioners, including assessors, assessment tool designers and moderators, will be registered by NAMB and be subject to continuous and regular capacity building through reskilling processes.

All accredited trade test centres will report to the NAMB as per pre-determined requirements to enable the NAMB to monitor their performance. In this sense, the NAMB will act as an 'ombudsman' for Artisan development and any concern with regards to the quality of Artisan development may be reported to the NAMB.

Step 7 – Assurance and certification

Quality assurance will be built into each and every step of the national 7-Step Programme. It is, therefore, not an isolated activity focusing on the final external summative assessment or trade testing only, but is implemented right from the qualification development, learner selection, accreditation and delivery processes.

The current practice, whereby a range of sector-based trade certificates are issued in South Africa, has been phased out and the development through the National Artisan Moderation Body, under delegation from the Quality Council for Trades and Occupations, will ensure that only national Artisan trade certificates are issued.

This information on how to become an Artisan is published by National Artisan Development (INDLELA). For further information on becoming an Artisan, please contact the National Artisan Development Support Centre (NADSC) on:

5. Applicants with Disabilities

The South African Constitution recognises the human rights of all South Africans, including those with disabilities. Discrimination on the basis of disability is against the law and persons with disabilities are included in the category of previously disadvantaged in terms of the country's transformation agenda. Persons with disabilities therefore, need to be given equal opportunities to access post-school education and training so that they too may achieve their full potential. According to Article 1 of the United Nations Convention on the Rights of Persons with Disabilities (2007) "Persons with disabilities include those who have long-term physical, mental, intellectual or sensory impairments which in interaction with various barriers may hinder their full and effective participation in society on an equal basis with others." The South African White Paper on the Rights of Persons with Disabilities (2015) reiterates the rights of persons with disabilities, including the right to access education at all levels.

School-leavers with disabilities are encouraged to contact organisations of persons with disabilities or the disability rights unit or student support services department of the institution they wish to study at if they have any queries about access to studies. School-leavers with disabilities are also encouraged to inform the institution's disability rights unit or student support department about their access needs prior to beginning their studies so that the necessary reasonable accommodation can be arranged. It is hoped that we will see increasing numbers of students with disabilities at all post school education institutions – it is your right to access education!

1. CAO's Communication with You

How do I check if my form has been received?

If you want to confirm that your form has been received, you can phone us on 0860 860 CAO/226 (or dial +27 31 268 4444 from outside South Africa) or check 'My Application' on our website www.cao.ac.za.

How will I know when my application has been processed?

You will receive an email/SMS message notifying you that your application has been processed. Thereafter, you will receive an acknowledgement letter. Allow up to 15 working days after we receive your application for it to be processed.

Please contact us if you do not receive this acknowledgement letter within four weeks after you have sent your application. Any special information the institution wishes applicants to know will be included with the details of your choices (if any).

How do I check the status of my application?

Once your details are on our database, it will be easy for us to answer queries. If you have given us your email address or cell phone number,

we shall send you a message when your form has been processed. You can check the status of your application on our website www.cao.ac.za by selecting 'My Application' and entering your CAO number or your ID or passport number. This information can be printed if you have access to a printer.

You can also phone the CAO on Share Call 0860 860 CAO/086 086 0226 (or dial +27 31 268 4444 from outside South Africa) to find out whether your application has been processed, or to check the status of your programme choices.

If you have given us an email address or have a fax number, you can request a summary letter. You can phone the CAO (24/7) to find out about your application and other information by selecting the option to speak to a Call Centre agent who is available Monday to Friday from 08h00 to 16h30. You will be required to provide your CAO or ID/Passport number. Calls from South African landlines to the Share Call number are charged at local rates.

Join a world of Beauty excellence

Central Technical College is registered by the DHET as a private college with Registration Number 2014/FE07/001. Central Technical College Braamfontein is fully accredited by Umalusi, with accreditation number 17FET0200090. Central Technical College Durban, Pretoria and Cape Town are provisionally accredited by Umalusi with accreditation numbers 16FET0200066PA, 16FET0200032PA and 16FET0200040PA respectively. Central Technical College is also accredited with the Quality Council for Trades and Occupations (QCTO), Accreditation Numbers: 13/0007(Durban), 13/0026 (Braamfontein), 13/0025 (Cape Town) and 13/0027 (Pretoria). (E&OE).

2. Institutions' Communication with You

Who makes selection decisions?

Institutions make selection decisions. The CAO does NOT make selection decisions but provides your information to the institutions.

When are offers made?

Institutions make selection decisions at various times in the year.

How will I know if I have been selected?

If you have given us your email address or cell phone number, we will send you a message when a decision is made on any of your programme choices. As soon as you are made an offer, we will communicate this to you. Some institutions may also send you letters or messages informing you of your offer. Make sure you let us know if you change your contact details by emailing changeofcontactcao@cao.ac.za or faxing to 086 625 2116.

How do I accept an offer?

You must inform the institution and NOT the CAO about whether you wish to accept the offer. They should send you a letter or message detailing the procedures you must follow. If they give you a deadline to accept a place, it is important that you reply within that time or the place will be offered to someone else. Most institutions will ask you to pay a non-refundable Acceptance of Offer fee to secure your place. This fee will usually count towards your registration and tuition fees. PLEASE DO NOT pay this money to the CAO. Consult the institution with regards to the details of how and when you need to respond and pay by.

How do I decline an offer?

If you have decided not to accept the offer, please communicate this directly to the respective institution.

What happens after I have accepted an offer?

Once you have accepted a place and paid the deposit requested, the institution should send you details of registration. First semester registration takes place between the second week of January and the beginning of February. Second semester registration takes place between June and August. Check the institutions' websites for details.

Where do I send my application as an international applicant?

- If you are applying for short-term study, apply directly to the institution.
- If you are applying to **UKZN** only, apply directly to the institution.
- For other institutions and choices at more than one institution, apply through the CAO. Email to formsreceivedcao@cao.ac.za or fax to +27 31 268 4422.

How do I apply as an international applicant?

An international applicant is a person who is not a citizen or permanent resident of South Africa, or a refugee/asylum seeker with a permit allowing study. The higher education institutions of KwaZulu-Natal welcome applications from international applicants for their formal degree, diploma and certificate programmes. Some institutions also offer the opportunity to study in South Africa for one semester or one year. DUT and UKZN do not accept international applicants into their access programmes. Applications to study Medicine at UKZN are considered ONLY from citizens of Lesotho and Mauritius and applicants must apply via their governments. You will require a study permit if you wish to come to South Africa to study. This does not apply to distance learning students who study in their home countries.

Once you have a letter offering you a place from the further or higher education institution, you can apply to the South African embassy, high commission, consulate or trade office for your study permit. The permit application will take up to eight weeks to be processed. Acceptance by an institution does not place any obligation on the South African government to issue or renew study permits. DO NOT leave home before your study permit is granted – you will not be allowed to study on a visitor's permit. You cannot apply for your first permit after you arrive in South Africa. People who are in South Africa for study purposes are not eligible to apply for South African citizenship. Refugee and asylum seeker applicants require documentation from the Department of Home Affairs granting permission to study in South Africa.

3. Changing Programme Choices after You've Applied

How do I change my programme choices (Change of Mind, also referred to as a COM)?

If at any time you want to replace one or more of your programme choices with others or change the sequence, complete a 'Change of Mind' Request Form, which can be downloaded from our website www.cao.ac.za. Alternatively email formrequestcao@cao.ac.za or call 0860 860 CAO/226 to request a copy.

A fee of R110.00 will be charged for each request to add, renumber or remove programme choices, to cover the cost of the administrative work involved. No change of mind will be processed until the full Change of Mind fee has been received.

Any number of programme changes (up to six programmes) on the same Change of Mind (COM) Request Form is considered as one for payment purposes.

If you submit qualification/programme changes on more than one COM Request Form and/or at different times, each COM Request Form submission will be regarded as a separate request and a fee must be paid for each submission, not for each qualification/programme change.

Payment/s for multiple COM request form submissions will be allocated to, and processed strictly in the sequence that the COM Request Forms were received.

A copy of this form is on the next page. Use this guideline to complete the COM Request Form if you have requested one from us.

Email the completed form to comscao@cao.ac.za, fax to 086 622 8833 (dial +27 31 268 4422 from outside South Africa), post to Private Bag X06, Dalbridge, 4014 or hand deliver to Gate 11, Mary Thiphe Street, Cato Manor.

Change of Mind/Extending Your Application Request Form

CAO number: _____

Applicant ID/passport number: _____

Applicant's first name/s: _____

Applicant's surname: _____

1. When does a Change of Mind/Extending Your Application Request Form have to be completed?

- When you want to change a previously submitted programme, and/or
- When you want to change the rank order of your choices, or
- If you wish to extend your application to the next available entry year/term after the start date of the programmes you have applied for.

2. What to do if you want to change and/or re-rank your programme choices:

- Complete and submit your fully paid for Change of Mind/Extending Your Application Request Form.

3. What to do if you want to extend your application to the next available entry year/term

- Complete and submit your fully paid for Change of Mind/Extending Your Application Request Form.
- You are only allowed to extend your application to the next available entry year ONCE. Thereafter you must make a new application.

4. How much does it cost?

- A fee of R110.00 is charged for each Change of Mind submission or a request to extend your application.
- No request will be processed until payment is received in full.

List of Current Programme Choices – These are your programme choices that we have received from you to date. If it is your first change of mind request, then it will be the programme choices you entered on your original application form. If you have forgotten your programme choices, you can contact the CAO Call Centre on Share Call 0860 860 226, or visit our website on www.cao.ac.za and click on 'My Application' to view your programme choices

**Mangosuthu
University of Technology**

Who are we?

Uniquely located at the heart of Umlazi Township, Durban, KwaZulu-Natal, Mangosuthu University of Technology (MUT) has distinguished itself as a diverse institution offering internationally recognised and fully accredited qualifications across the faculties of Engineering, Management and Natural Sciences.

General admission requirements

Each faculty stipulates admission requirements based on points aggregate calculated from the best six subjects presented by the prospective student. Over and above the points system, some departments administer a compulsory entrance test. The selection process prioritises the best qualified applicants and those who selected MUT as their first or second choice.

Ten reasons why you should study at MUT

- All our qualifications are accredited and internationally recognised
- We allow you to achieve your dreams in Engineering with a minimum pass of 50% in Maths and Science
- Students with Maths Literacy are allowed to pursue their studies in Accounting; Agriculture; and Information Technology
- We offer a number of student support services that enhance academic excellence
- As a UoT, MUT enables students to experience the world of work through a formalised Work-Integrated-Learning (WIL) programme
- MUT financially rewards academic excellence
- MUT offers the most competitive tuition fee structure
- We have grown from 15 students in 1997 to over 11 000 students
- MUT is an alcohol-free campus, we are guided by a relevant policy
- Our student leaders are chosen on academic merit

3. What do the Different Statuses Mean?

We use specific terms to indicate what progress the institution has made in considering your application.

- **Waiting for a Decision:** The institution has not yet considered your application.
- **Awaiting Results:** The institution is waiting for further results (e.g. June, Trial or Final NSC results) before making a decision on your application.
- **Short-listed, Standby and Wait-listed:** The institution is considering your application but has not yet decided whether they will be able to offer you a place.
- **Interview/Audition/Portfolio:** The programme has special selection procedures. Institutions should contact you with details of the date, time and venue. You may need to follow up with the institution directly.
- **Firm Offer:** You are offered a place by the institution. This may be withdrawn if you do not indicate that you want to accept the place or if your final results are not as good as your earlier results.
- **Conditional Offer:** The institution will accept you provided that you meet the requirements. Where space is limited, these may be higher than the minimum requirements for the programme published in this Handbook. Some programmes may conduct assessment tests at registration. This may be withdrawn if you do not indicate that you want to accept the place or if your final results are not as good as your earlier results.
- **Please Supply HESA/SAQA Evaluation:** The institution requires a HESA/SAQA evaluation of the foreign exam results you may have written.
- **Please Supply Academic Record:** The institution requires a copy of your academic record from your current or previous study at tertiary level.
- **Late Application:** Your application was received after the closing date for the programme. Each institution deals with late applications in different ways. Refer to the institutions' prospectus for further information.
- **Has not Met Programme Ranking Criteria:** You do not meet the institution's specific criteria. Refer to the institutions' prospectus for further information. You may complete a Change of Mind Request Form on which you can change the programme ranking.
- **Regret Unsuccessful:** The institution has decided not to offer you a place for whatever reason according to their selection processes.
- **Unsuccessful Following Placement Test/Interview:** The institution has decided not to offer you a place following the entrance test you wrote or the interview you attended. There are also a number of messages the institution can use to tell you that they are unable to offer you a place.
- **Programme Closed:** No further applications will be considered.
- **Regret Programme Discontinued:** The institution has decided that they will no longer be offering a programme that was initially listed in this Handbook. In some cases, institutions may advise on an alternate programme that you can apply for. Complete a Change of Mind Request Form at no cost to yourself.

5. 2019 Entry Survey (Mark boxes with a ✓)

- Where did you get a copy of this Handbook? Library/Resource Centre School Career Fair Institution Other
- In which grade did you first hear about CAO? Grade 9 Grade 10 Grade 11 Grade 12
- Where did you first hear about CAO? Career Exhibition Family/Friends Institutions School Resource Centre/Library
 Social Media Other – specify
- How would you describe the area where you live? Rural Farm Urban/Suburban
 Informal Settlement (Rural Area) Informal Settlement (Urban Area) None of the options mentioned
- How would you describe the area where your school is? Rural Farm Urban/Suburban
 Informal Settlement (Rural Area) Informal Settlement (Urban Area) None of the options mentioned

1. What is your school's name?
2. In which province is your school? EP FS GP KZN LM MP NC NW WC
3. Is your school a boarding school? Y N
4. Does your school have electricity? Y N
5. Does your school have a computer room where you are allowed to use the computers? Y N
6. Do these computers have internet access? Y N
7. Do you have your own computer? Y N • Is your computer connected to the Internet? Y N
8. Do you have your own cell phone? Y N • Is your cell phone a smart phone? Y N
9. If you do not have a cell phone, do you know someone who will allow you to use their cell phone? Y N
10. Is this cell phone a smart phone? Y N
11. By which method would you prefer to apply? Post Online Cell Phone Fax
12. Which one of the following is your preferred method of communication with the CAO?
 Email SMS Fax Tel Facebook Self Help Service USSD (similar to buying airtime via cellphone)
13. Where do you want to continue your studies? Private College TVET College (Old FET) University
14. If you chose 'university', rank order the names of your top five choices
15. Is your number one university in KZN?
16. If it is not in KZN, list two reasons why you would want to study at a university outside of KZN?

Finally! A University-Equivalent education that gets you.

You have a lot to do. But, there's a way to balance work, family and social commitments with your ambitions. Introducing Lyceum College!

A higher learning distance education leader for 101 years, we're committed to ensuring your success. With experienced lecturers and additional support through our Academic Advising Centre, enjoy a culture of care. Through the flexibility of distance learning, you can expect a smooth path to a brighter future.

**Thousands of our graduates are in industry.
It's time you joined the Lyceum legacy.**
